## HOUSE IS TOLD OF GAINS OF C.N.R. LINES

Commons Learns Gross Revenue Increased \$3,200,000 in Year

Thornton Says Control of Central Vermont System Should Be Kept

Ottawa, March 22.—Sir Henry Thornton informed the railway and shipping committee of the House to-day that the gross revenue of the Canadian National Railways had increased \$3,200,000 in 1927 as compared with 1926. The increase, the president of the system said, during the consideration of C.N.R. estimates, was largely accountable to a greater volume of business.

The \$3,200,000 represented a relatively small increase as compared with the whole and the small increase was due to a late crop. Grain which would have ordinarily moved would, however, be handled in 1928.

**EXPENDITURES INCREASE**

There had been an increase of \$9,000,000 in expenses. Wage increases represented \$4,500,000 of that amount. Reductions in freight rates represented \$1,500,000. The railway administration, said Sir Henry, did not "regret" these increases in wages, which were in line with those in the railroad industry in Canada and the United States.

(Continued on page 3)

## M.P.'S ASKED TO VOTE FUNDS FOR WORKS

Supplementary Estimates Totalling \$7,777,747 Tabled in Commons To-day

Ottawa, March 22.—Further supplementary estimates for the fiscal year 1927-28, amounting to \$7,777,747, were tabled in the Commons this afternoon by Hon. J. A. Robb, Minister of Finance. Of the total amount \$3,471,300 is required in connection with the operation of the Maritime Freight Rates Act. One million dollars is to be provided for a loan to the Canadian Government Merchant Marine Limited for "deficits in operation of the company and of the vessels under the company's control during the nine-month period ended December 31, 1927, and working capital requirements."

A further amount of \$1,600,000 is to be provided for European War and active militia personnel.

A further \$200,000 for unemployment relief is appropriated under the heads of Soldiers' Civil Re-establishment.

**FOUR WARRANTS**

Laid in the supplementary estimates are four Governor-General's warrants totalling \$188,772. Of this sum \$150,000 is for restoration of the old examining warehouse at Montreal and \$38,772 for repairs to a wharf at Sagoville, Que.

## Vancouver Man To Be Sentenced

Vancouver, March 22.—George Williams, charged with attempted robbery of an apartment in the Fairview district on March 13, was found guilty this morning in police court and remanded until March 24 for sentence.

Miss A. L. Lauder, a nurse, told how she had returned from her duties at the Shaughnessy Military Hospital late in the afternoon and found Williams ransacking her suite. Threatened with a revolver, the nurse screamed for help. Williams escaped, but later was captured by police officers.

## MALAHAT NEW WIDE HIGHWAY

All Bad Curves in Road Ironed Out With Big Rock Cutting Programme

The Malahat Highway is being virtually rebuilt as a result of work which proceeded during the entire winter, and which is being pushed to completion now by the Public Works Department. When the annual tourist rush starts, drivers will find almost a new road at points where the old highway was narrow and dangerous. All bad turns between Goldstream and the Summit have been rounded out, and widened with the removal of enormous quantities of rock. This rock in turn has been used to create giant fills at other points. The installation of new bridges also has improved the alignment of the road.

This is part of the big programme of road improvement which the Government is undertaking all over British Columbia. At present engineers are shaping definite plans for this year's work in all districts.

The Cariboo Road will be opened early in May after being reconditioned. Tolls may be removed from the highway this year, it is understood.

## SPAIN CONTINUES AS LEAGUE MEMBER

Geneva, March 22.—Return of Spain to the League of Nations was announced this afternoon by Pedro Sagoro, Spanish representative.

The announcement was made at a session of the League committee on child welfare. Don Sagoro said the decision to return had been reached at a Cabinet meeting in Madrid this morning.

Far-reaching plans for the future administration of British Columbia parks, including the transfer of Mount Asinibolne Park and Mount Asinibolne Park to the Dominion Government, are under consideration by the Provincial Government, following conferences between members of the Cabinet and W. W. Cory, Deputy Minister of the Interior for the Dominion, here recently.

Announcement that this programme is before the Government was made by Hon. T. D. Pattullo, Minister of Lands, to-day, after Mr. Cory's departure for Ottawa, where it is expected he will take up with the Federal Government the plans discussed here.

**IN BROAD WAY**

Mr. Pattullo stated that the Provincial Government proposes to look at park questions from a broad viewpoint. It is recognized that the Dominion Government, through its park administration, is performing a splendid national service, he said. The parks branch of the Department of the Interior is specializing on park development, and monies are available which cannot be made available provincially at the present time with the innumerable other demands, Mr. Pattullo added.

**TO DEVELOP PLANS**

The Canadian-Pacific Railway were anxious to secure a lease of Mount Asinibolne Park, and will be given opportunity to develop their plans in connection with their railway operations through the Dominion Parks Branch," Mr. Pattullo said.

"We have a better block and railway lands are returned to the Province, proper provision will be made for the maintenance of the national parks by the Dominion Government, to be administered by the parks branch."

## MANSLAUGHTER CHARGE HEARD

Nanaimo, March 22.—At this morning's session of the Nanaimo Assize Court, William Alexander McDonald of Whistler, Cortes Island, was placed on trial on a charge of manslaughter in connection with the death of Sidney Cox in a hunting accident at Penn Island November 6 last.

Mr. Justice McDonald presided and Arthur Leighton appeared for the prosecution, the accused being defended by Mr. Bird of Vancouver.

The first witness called was William B. Koxer, who conveyed McDonald and Cox to Penn Island on a hunting expedition.

## BRITISH SCORE PLAN OF SOVIET

Newspapers Say Disarmament Proposals Not Sincere Russian Effort

London, March 22 (Canadian Press).—The Soviet Government's draft convention for "general" complete and immediate disarmament "gets scant respect in London newspaper editorials. The proposals are described as a childish attempt to score points on capitalistic states, and time-wasting absurdities supported by nothing but the empty verbiage."

The conservative newspapers erect a pedestal for Lord Cushenden for what they describe as his directness and expedition in demolishing the Soviet's efforts to impede the legitimate proceedings of the Preparatory Disarmament Commission of the League of Nations at Geneva.

The London Daily Telegraph says Lord Cushenden has established himself as one of the most redoubtable champions who ever defended the cause of disarmament.

(Continued on page 3)

## Prince of Wales Is Second in Race

Barrowby, Lincolnshire, Eng., March 22.—The Prince of Wales took part in the Duval and Prince of Wales Stakes at the Devolet Hunt point to point meeting to-day and won second place. The race was won by Colonel George Peyton on Ballington.

The Prince's horse was Miss Muffitt.

## Clearings Here Up Over 30 Per Cent

Victoria bank clearings this week show an increase of more than thirty per cent over the corresponding week of last year, according to the figures issued by the Clearing House at noon.

The official clearings figures are: Week ending to-day, \$2,550,532; same week last year, \$1,882,523.

## PRAIRIE FARMER STARTS SEEDING

Moose Jaw, March 22.—P. C. Colquhoun has been seeding rye for two days on his farm in the Maple Creek district. Threshing is in progress in the Richmond and Fox Valley districts.

## EXECUTION IN QUEBEC IS SET FOR TO-MORROW

George C. McDonald to Pay Supreme Penalty at Jail at Valleyfield

Montreal, March 22.—George C. McDonald, to be executed to-morrow morning, is in the jail at Valleyfield, Quebec, to-day. In the custody of a force of Quebec provincial police, the man who is to die to-morrow morning for the murder of Adolphe-Bouthard, taxi driver, was taken to the prison where the death sentence is to be carried out.

**NO FAREWELL SAID**

He did not see his young wife, Doris, before he left Montreal. Mrs. McDonald, who died here to-day, was committed yesterday by the Federal Cabinet to life imprisonment, in the Women's jail here.

(Continued on page 3)

## DEATH REMOVES BUSINESS LEADER

Sir Mortimer Davis, Montreal, Widely Known, Dies in France

Cannes, France, March 22.—Sir Mortimer Barnett Davis, former president of the Imperial Tobacco Company Ltd. of Canada, died here to-day. He was sixty-two years old.

Death was attributed to heart disease.

Sir Mortimer, who was a familiar figure on the French Riviera and was the owner of one of the largest stables operating on French race tracks, attended the Cannes races ten days ago. He then appeared to be in good health, but for several days past he had been complaining of his health. The end came suddenly in the early hours of this morning.

Sir Mortimer Barnett Davis, who died to-day at Cannes, France, was a prominent Montreal industrialist and philanthropist. During recent years he gradually gave up his business connections in that city, having retired from the presidency of the Imperial Tobacco Company.

He was chairman of the Canadian Industrial Alcohol Company Ltd. and the Canadian Consolidated Rubber Company Ltd., and chairman of the board of Consolidated Asbestos Ltd.

**BORN IN MONTREAL**

He was born in Montreal in 1866, a son of a clockmaker, and rose to be one of Canada's industrial leaders.

During recent years, Sir Mortimer had spent most of his time in France and England, returning to Montreal for comparatively short visits.

Sir Mortimer's first marriage was dissolved by the Paris courts and he then married Countess Marlot of New York.

## CASUALTIES IN EARTHQUAKE

Word From Oaxaca, Mexico, Awaited; Houses Reported Destroyed

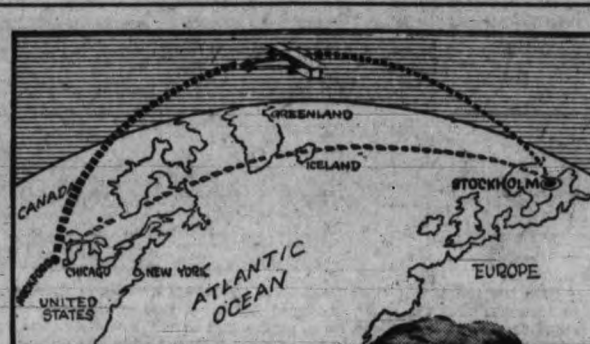

Mexico City, March 22.—Although the seismograph at the Tacubaya Observatory was first reported thrown out of order by earth shocks which occurred last night, the observatory today issued a bulletin stating the earthquake lasted twenty-seven minutes, forty-three seconds.

The bulletin placed the centre of the quake about 200 miles southwest of here.

Special dispatches from Oaxaca said several houses were destroyed, with numerous casualties, the number of which was not known.

The quake also was felt in Vera Cruz and in Puebla, but no damage was reported to those cities.

## Illinois-Stockholm Flight Is Planned

In Rockland, Illinois, Bert Hassell is now preparing for the first transatlantic aeroplane flight ever started from the Middle West of the United States. His plane is under construction.

In June Hassell hopes to hop from the Illinois city and follow the comparatively short Great Circle route across the Atlantic to Stockholm, Sweden.

After flying over the Great Lakes he expects to cross Ontario, skirt the tip of Hudson Bay and speed toward Greenland, where he hopes to land. The second hop is to be across Iceland and on to the Scandinavian Peninsula.

Aeronautic authorities state this one-stop flight will be the least dangerous of all air crossings. The longest water jump, of which there are three, is only 528 miles.

## British Submarine and Destroyer In Collision But Little Damage Done

London, March 22.—The British submarine H-4 and the destroyer Thruster were in collision off Portland this afternoon.

In reporting the collision, the Admiralty stated the damage appeared confined to both periscopes and one periscope standard of the submarine.

The collision took place while the submarine was at periscope depth.

The H-4 is one of the two R-class submarines built under the British emergency war programme. The outstanding feature of vessels of the R type is that they are faster below water than on the surface, unlike nearly all other submarines in the world.

The craft were built as U-boat chasers and for that reason possessed unusual submerged endurance.

The Thruster was an emergency war product of the Admiralty R class having a displacement of 1,085 tons.

## MAN ACQUITTED BY JURY STABBED IN COURTROOM

In Alabama Aunt of Girl Killed Attacks Released Police Chief

Columbiana, Ala., March 22.—H. F. Blake, police chief, was fired at and then stabbed by two women in circuit court to-day just after he had been acquitted of the murder of their relative, Miss Louise Montebello.

Mrs. Mabel Montebello, mother of the girl, fired a pistol from a distance of five feet as Blake was being congratulated by his friends. The shot went wild. Miss Cecil Tubbs, an aunt of the girl, leaped at the police chief, drawing a knife as she flung herself toward him and stabbed him in the neck.

Blake fell, blood streaming from the wounds.

**ATTORNEY GENERAL FAINTS**

The courtroom was in a turmoil in a moment and Charles C. McCall, Attorney-General of Alabama, who had personally prosecuted Blake, fainted from the excitement.

Physicians said they could not tell from their first examination whether Blake's wounds would be fatal.

He had toppled into the jury box, from which the men who had freed him were slowly filing out. They assisted in picking him up and carrying him to a hospital.

Death is believed to have resulted from an internal hemorrhage caused by concussion.

## Girl Struck By Bicycle Loses Life

Point Grey, March 22.—Struck down by a bicycle ridden by S. J. Robinson, aged seventeen, at 6:15 p.m. Tuesday, Trina Pendergast, eleven, died last night in a hospital.

According to reports to Point Grey police, the girl was playing with several companions on the street when the accident occurred.

Death is believed to have resulted from an internal hemorrhage caused by concussion.

## EXECUTION DATE IS POSTPONED

San Quentin, Cal., March 22.—William Edward Bickman, sentenced to death for the kidnapping and slaying of twelve-year-old Marian Parker in Los Angeles, will not be hanged April 27, the date set for his execution. San Quentin Prison authorities were informed by the California Supreme Court to-day that hearing on his appeal could not be reached by that date.

## CHALLENGE TO POLICE CRITICS IN VANCOUVER

Mayor Asks Them to Prove Charges of Wrongdoing Or Be Silent.

Vancouver, March 22.—Describing recent allegations of unsatisfactory conditions in the Vancouver police force as a whispering campaign of innuendo, Mayor Louis D. Taylor, chairman of the police commission, has issued an ultimatum to all who may be responsible either to submit evidence in support of their statements or discontinue them.

The mayor, in a prepared statement, to-day declared the reason he had abandoned his plan to leave Saturday for Ottawa was that he considered it more important to remain in the city while the "whispering campaign is on."

**INQUIRY PLAN**

He reiterated his previous attitude that he would support a request for a royal commission of investigation if evidence of wrongdoing "such as would be acceptable to a judge" should be presented.

In regard to charges of "framing" against a city detective, the mayor declared he was awaiting the result of police court prosecutions in this matter before taking any further action.

## Students of University At Kingston, Ontario, Strike and Boycott Their Classes

### WORSTED FACTORY TO COST \$45,000

Estimated to cost \$45,000, permit for the construction of the factory of the B.C. Worsted Mills Limited, on Montreal Street, was taken out at the City Hall to-day. Percy Fox designed the plans and Parfitt Bros. are the general contractors. The plant will consist of one story buildings with an aggregate accommodation of some 18,000 square feet. The permit is the latest of individual permits taken out this week.

### MRS. PICKFORD'S DEATH MOURNED

Mother of Mary, Lottie and Jack of Movie Fame Succumbs

Los Angeles, March 22.—Mrs. Charlotte Pickford, mother of Mary Pickford, famous screen star, died shortly after last midnight. She had been suffering from a lingering illness.

Mary Pickford (Mrs. Douglas Fairbanks) and Lottie and Jack Pickford, also movie figures, were at the bedside in their mother's Beverly Hills home when she died.

A cancerous growth was reported to have been the cause of her death. She was fifty-five years old.

Mrs. Pickford, whose name until she changed it some years ago was Mrs. Charlotte Smith, is survived, besides her children, by a sister and two nieces.

**BORN IN TORONTO**

The mother of Movieland's best known actress was born in Toronto, Ontario, September 3, 1872, and was married there to John Smith of that city when she was nineteen years old. All of her three children were born in Toronto.

**HAD STAGE EXPERIENCE**

Mrs. Pickford, generally known only as the mother of talented children, had considerable stage experience. After the death of her husband she entered commercial life in Toronto for a short period, but finally turned to the stage. The children all acted in Toronto and Mrs. Pickford played for a time with Chauncey Olcott.

**AID ACKNOWLEDGED**

After Mary had become known as a screen star her mother gave up her own career and devoted her time to the interests of her children. They all acknowledge their mother was largely responsible for their successes.

### CHINESE ALLOWED TO STAY IN B.C.

Court Rules Against Government's Appeal in Immigration Case

Vancouver, March 22.—Right of the Government to appeal from an order by Mr. Justice Gregory granting leave to Chin Sack, Chinese, to enter Canada, has been denied by the British Columbia Court of Appeal, which granted a motion by C. H. O'Halloran, counsel for the Chinese, quashing the appeal and ordering the Government to pay the costs of the motion.

On the ground that the landing certificate produced by Chin Sack upon his arrival in Victoria from the Orient was not bona fide and that the certificate had been made out for another Chinese, S. N. Reid, controller of Chinese immigration, refused to admit the Chinese entry. On an appeal from that decision, Mr. Justice Gregory ruled the Chinese was entitled to entry into Canada.

M. B. Jackson, K.C., acting for the controller, appealed to the Court of Appeal, but counsel for the Chinese argued successfully that the Government had no right to appeal from Mr. Justice Gregory's decision.

### LIBERAL WOMEN MEET IN OTTAWA

Vancouver, March 22.—Mrs. M. E. Smith, M.P.P., Vancouver, will be one of the chief speakers at the first national convention of Liberal women to be held in Ottawa April 16, 17 and 18.

As the women with the longest parliamentary experience in Canada, a prominent place in the convention has been assigned to her. She has also been asked to serve on the resolutions committee.

Mrs. Smith will leave for Ottawa about April 11.

Other delegates from British Columbia will probably include Mrs. J. Finlayson and Mrs. Stuart Henderson, presidents of the Women's Liberal Association of Vancouver and Victoria, respectively.

Joint chairmen of the convention will be Mrs. P. F. Casgrain of Montreal, wife of the chief Liberal whip; Mrs. C. H. Thoburn of Ottawa, and Mrs. W. R. Motherwell, wife of the Minister of Agriculture of Canada.

### RECORD MADE ON NEW YORK STOCK MARKET

Total Sales To-day 4,007,000 Shares During Great Struggle

Final Quotations Show List With Declines and Gains Mixed

New York, March 22.—With total sales crossing the 4,000,000 mark for the first time, Wall Street to-day witnessed a titanic struggle between opposing speculative forces on the floor of the New York Stock Exchange, in which the violent upswing which had been in the way for two weeks was definitely checked.

The total sales of 4,007,000 shares were 83,900 shares above the previous high mark, established March 13.

Final quotations disclosed a long list of net declines ranging from \$1 to nearly \$8 a share, interspersed with a sprinkling of gains, a few of which ranged from \$3 to nearly \$15.

### ENGLISH PAPER SEES SUCCESS FOR MILL HERE

Bradford, Eng., March 22 (Canadian Press Cable).—John Moore, a worsted manufacturer, has decided to dismantle his mills here and transfer his worsted industry to Victoria, B.C.

In this connection, The Yorkshire Post, chief organ of the Yorkshire woolen industry, says:

"These were dramatic pictures of the Canadian woolen industry presented to the Tariff Board at Ottawa when the manufacturers asked for further protection. One need only refer to the balance sheets of several Canadian manufacturers to see their exceedingly healthy condition. The new business for Victoria is being treated in an exceedingly generous spirit by that municipality."

"Among the common advantages to British manufacturers starting in Canada are: Ridiculously low taxation when compared with the taxation in Great Britain; electricity, a comparatively cheap form of industrial power, and Canada's enjoyment of an enviable freedom from industrial disputes."

The arts and science students already had a fling at their own on their hands. Two other students had been suspended because they had taken part in a drinking contest in their boarding house.

The entire college is in a future, and speculation is rife as to what will happen.

### TWO MEN KILLED BY EXPLOSION

Washington, March 22.—Two enlisted men lost their lives, five are suffering from serious injuries and four enlisted men and one civilian were injured by a gasoline explosion yesterday aboard the United States destroyer tender Whitney at Guantanamo Bay, Cuba.

### FUNDS ASKED FOR U.S. NAVAL FORCES

Bill Before Congress Calls For Additions to Fleet of Republic

Washington, March 22.—The United States naval supply bill, totaling \$38,190,000, before the House of Representatives to-day, following its presentation yesterday by the naval appropriations committee, calls for the number of ships now in service to be retained in commission and includes funds to continue in condition the eighty-eight decommissioned destroyers at Philadelphia and the seventy-six at San Diego.

**FUNDS OF AVIATION**

For aviation \$31,315,000 is requested, an increase of \$11,215,000, in addition to a contract authorization of \$10,000,000. This would provide for the delivery of 271 new planes during the year 1928-29. In addition, \$2,000,000 is recommended to start work on two new dirigibles.

To complete the eight cruisers and two V-type submarines, all of which are expected to be finished by 1930, an amount of \$1,000,000 is recommended.

(Continued on page 3)

### Canned Fish Was Cause of Death

Vancouver, March 22.—John McCool, a sailor, who died Tuesday after being found in a packing case on the waterfront here, succumbed to ptomaine poisoning, an autopsy showed.

It is believed that McCool, who came here last November, consumed and died of a case of ptomaine poisoning, which had been thrown away from a vessel.

No inquest will be held.

Kingston, Ont., March 22.—At a mass meeting of all the students of Queen's University here at noon to-day it was decided to go on strike immediately because of the suspension of three students who attended a dance the night of the college frolic. It was also decided the students should stay out until given a definite guarantee by the senate of the university that they would be granted the attendance credits lost as the result of being out.

The girl students decided against striking.

The situation is by far the most serious that has ever presented itself at Queen's University.

Professor J. G. Matheson, dean of the arts faculty, stated his classes would go ahead even if only one student should show up.

Students to-day put large posters calling for resignation of certain members of the senate and cancellation of its decisions regarding suspensions. The posters were torn down.

"The senate is unanimous in its decision to take a firm stand in the matter," said Principal R. Bruce Taylor to-day. "Apparently the whole issue of student government will have to come to a showdown. Our position is this: We don't force students to come here, but if they do they must be prepared to respect the traditions and regulations of the university."

**OBLIGATIONS EXIST**

The students owed certain obligations to society, he said.

The senate, composed of the professors and deans, determines all matters of academic character influencing the university. It is the medium of communication between the Alma Mater Society and the governing bodies and determines regulations regarding social functions of the students amongst its other duties.

## LITIGANTS AGREE TO SETTLEMENT

Mr. Justice Gregory Acts as  
Peacemaker Between Land-  
lord and Tenant

Brought together by counsel on the  
suggestion of Mr. Justice Gregory that  
a settlement be effected, parties to the  
suit of Macauley versus Smith settled  
their differences in the Supreme Court  
to-day, the settlement being approved  
by the court.

Archibald Macauley, owner of the  
Al Ranch, in the Cariboo and Lillooet  
districts, had sued J. M. G. Smith, a  
tenant, on various counts. By the con-  
sent order the claim and counter-  
claim are both dismissed, and the ten-  
ant will relinquish the property held  
on lease, taking personal effects and  
privately-owned stock.

A. D. Grease appeared as counsel for  
the defendants, and P. J. Sinnot for  
the plaintiff. Mr. Justice Gregory pro-  
posed a settlement after hearing evi-  
dence for both sides yesterday, ap-  
proving of the settlement reported to  
him to-day.

The operation of the Al Ranch, val-  
ued in the neighborhood of \$50,000,  
formed the subject of the suit brought  
by plaintiff, who had leased the prop-  
erty to the defendant in 1924.

## Germs Causing Disease no Longer A Theory

By DR. MORRIS TISHREIN

About fifty years have passed since  
Pasteur by his work on anthrax first  
showed certainly that germs actually  
cause disease.

In the intervening periods thousands  
of bacterial organisms have been dis-  
covered and hundreds have been defi-  
nitely identified as having the ability  
to cause certain diseases of mankind.  
In 1890 the bacterium associated with  
typhoid fever was isolated; then in  
rapid order came the discovery of the  
germ causes of pneumonia, glanders,  
tuberculosis, cholera, tetanus or lock-  
jaw, Malta fever, meningitis, Texas  
fever, dysentery, bubonic plague, botu-  
lism, syphilis, whooping cough, leprosy  
and many others.

THE MICROSCOPE

The first man actually to see bacteria  
was probably the famous Dutchman  
who invented the microscope, Lep-  
wenhoek. The bacteria are small, and  
it has been estimated that it would  
take three hundred billions of bacilli of  
average size to weigh a pound. Few  
people are willing to admit to organ-  
isms of such minute size its powerful  
actions that they actually have.

They multiply rapidly under favor-  
able conditions, one germ producing

## WHERE MORE THAN 200 DIED IN LANDSLIDE

More than 200 people lost their lives when thousands of tons of dirt and rocks crashed down upon the city of Santos, Brazil, from the slopes of Mount Serrat. A view of Santos is shown here, with Mount Serrat in the background. The hospital of Santa Rosa, at the foot of the mountain, was severely damaged. The cut above was made from a photo taken a short time before the disaster, just received in Victoria.

## Canada's Airmen Map Large New Districts

Toronto, March 22.—Without making  
flights across the Atlantic, to the  
Poles or the Far East, Canadian air-  
men nevertheless have set up a world  
record in their own line of aerial sur-  
vey, according to A. M. Narroay, as-  
sistant director of topographical sur-  
veys, Ottawa, who addressed members  
of the Ontario legislature and depart-  
ment officials here yesterday.

"Canada has been developing a work  
horse and not a race horse," he said.  
"Some 300,000 square miles of unex-  
plored territory have been mapped in  
five years, which is equivalent to  
circling the world eight times, with a  
mile-wide strip photographed."

He pointed out there was no glamor  
of excitement attached to this world  
record, which would be recognized as  
knowledge to aid development of the  
natural resources of Canada. Formerly  
geologists wasted seventy-five to eighty  
per cent of their time finding their  
way about unpromising areas. This

had been eliminated by aerial surveys,  
according to Mr. Narroay.

## Senator Discusses St. Lawrence Plan

Ottawa, March 22.—Hon. F. L. Be-  
lue, Liberal, Montreal, in the Senate  
yesterday dealt exhaustively with the  
St. Lawrence waterways project.

Senator Beique could see no reason  
for not dealing with Canada's neigh-  
bors in this project.

Senator Beique did not think large  
ocean-going vessels would ever navi-  
gate above Montreal, but he was con-  
fident the deepening of the channel  
from Montreal to the Great Lakes to a  
depth of from twenty-five to thirty  
feet was bound to come.

## RESCUE WORKERS IN CALIFORNIA FLOOD AREA

A general view of the vista greeting flood rescue crews throughout the San Francisco canyon district. The arrow points to the peak reached by the flood. Rescue workers seeking bodies can be seen in the foreground.

## BRIDGES SWEEP AWAY LIKE DRIFTWOOD IN PACIFIC FLOOD THAT TRAPS 200

Big steel bridges were swept away almost like driftwood as 12,000,000,000 gallons of water, released by the bursted dam of the St. Francis reservoir, near Los Angeles, rushed down through the Santa Clara Valley. This picture shows all that remained of a bridge near Saugus after the great wall of water had passed by.

## Fishing Notes Here and There

BY THE BOATMAN

I found myself on one of the Brent-  
wood boathouse wharves a few weeks  
ago watching several boatmen working  
with their craft when my attention  
was drawn to a man in a rowboat not  
more than 500 yards from where I  
stood. He had hooked a salmon and  
seemed to be having a "whale" of a  
time. His boat would persist in turn-  
ing around, and he was winding and  
unwinding his line as if his life de-  
pended upon it. For about fifteen  
minutes I watched before the fish was  
landed. When the fisherman brought  
his boat to shore I questioned him and  
among his disjointed remarks were:  
"When I thought that one was a  
whale at first. But it's not so large. I'll  
bet he must have been traveling about  
sixty miles an hour though after I  
got him on my line. He fought with  
me for about thirty-five minutes."

I suppose by this time, that fish has  
grown into a whale through the tell-  
ing of the story.

I came across a man with a string of  
six beautiful sea bass coming out from  
Ogden Point wharves the other day  
and stopped to ask him where he  
hauled them in. He had caught them

off the end of the dock, he said, and  
had also pulled in several others which  
he had given away. He then went on  
to tell me a long story about what  
"game" fish bass were and the good  
sport it was to catch them on a fly rod  
and fine line. His hobbling line with  
eight or ten three-way hooks which  
he used to get minnows for bait was  
an important part of his tackle, he  
explained.

## SEATTLE SHIPPING

Seattle March 22.—Announcement  
was made yesterday of the appoint-  
ment of W. M. Minor as manager of  
the Seattle offices of the Tacoma  
Oriental Steamship Company. Minor  
leaves the post of district traffic man-  
ager for the United States Shipping  
Board.

The Babcock Angell Lumber Com-  
pany has chartered the Moore and Mc-  
Cormack freighter Commercial Trav-  
eler, to lift 4,000,000 feet of lumber  
here and at Everett for New York. She  
is to go on berth late in April.

Addison Miller, Inc., stevedoring  
contractors, will enter the stevedoring  
business on the Seattle waterfront,  
they announced yesterday.

The Way of a Maid

"That's the girl I used to be engaged  
to—ain't she catty?"  
"Why do you say that?"  
"Didn't you see when she passed  
us she held her dog's tail so that it  
couldn't wag it at me."

## "I'm Proud of My Rinso Wash"

Mrs. F. M. Smith, 18 Catherine St., Port Arthur

"I use Rinso for the family wash and for the house cleaning.  
too. It's almost unbelievable how quickly Rinso soaks the dirt  
from the clothes and makes them snowy and new looking! And  
without any scrubbing at all! I'm proud of my Rinso wash. I  
can tell you! And it sure is a labor saver! I get through with  
my weekly cleaning in half the time now, and you ought to see  
how bright and spotless it makes the woodwork, floors and win-  
dows. It's wonderful for dishwashing, too!"—Mrs. F. M. Smith,  
18 Catherine Street, Port Arthur.

**Yes! You can get  
whiter clothes in less  
time with less work**

**DOESN'T** that sound welcome to you  
women who know what hard wash  
day work means? And Rinso does exactly  
what we say. Millions of women have  
proved it. They're using Rinso each wash  
day. And they are feeling better—feeling  
happier. Rinso saves them hours of hard  
work, yet they have the whitest clothes  
that ever gladdened a woman's eyes.

Rinso makes such rich, soapy suds that clothes  
are actually soaked clean. A little rub here  
and there perhaps, where the things are badly  
soiled—but that's all. No boiling—no other  
bar soap, chips or powder needed. Rinso  
does the work alone—and does it better—in  
hard or soft water. White clothes kept  
whiter. Coloured things kept brighter. Save  
your strength, your time, your clothes . . . .  
Use Rinso.

## PACIFIC STEAMSHIP CO.

### THANKSGIVING DAY

Ottawa, March 22—Armistice Day and Thanksgiving Day should be celebrated each year on the same date, November 11, it is advocated by L. J. Laidner, Conservative, South Vancouver, in a resolution placed on the order paper of the House. The suggestion will shortly be discussed.

## CONDEMNED MAN'S CAREER IS TRACED

George C. McDonald to Be Executed to-morrow at Valleyfield, Quebec

Sydney, N.S., March 22—George C. McDonald, under sentence to die on the gallows to-morrow morning at Valleyfield, Que., from his early youth paved the way toward an unenviable career. Starting in his school days, he was forever in conflict with his teachers, authorities and parents. His father, John J. McDonald, for ten years conducted a successful bakery business in this city.

Police court records show George spent a term in the reformatory at Halifax. Later he was arrested for forging a cheque on his mother, but the charge was withdrawn. Not long afterward he was convicted on another forgery charge and was sentenced to a term in the penitentiary at Dorchester, N.B.

After serving his time in that prison he made his way back to Sydney. That was during the steel strike of 1924. He immediately secured a job in the steel plant here. When the strike ended he left the city and was not heard of until a year or so later.

He arrived back once more, decked in the uniform of a United States naval officer. He spread about the city a highly colorful story of being master of an ocean-going liner. He even went so far as to invite a prominent clergyman here to visit his ship, which was supposed to be lying in the harbor at North Sydney. He also hired five local youths, promising them well paid positions on his ship. The lads, filled with the spirit of adventure and golden dreams of their lucrative positions, went to North Sydney to take over their newly-acquired responsibilities. Their hopes and expectations were suddenly dashed to the ground when they learned no such steamship had ever entered that port and furthermore that George had left that same night for parts unknown.

He was next heard of in Halifax, where he was again faced with forgery charges. He then made his way into the United States and his whereabouts were unknown until press dispatches reported throughout Canada the arrest in Butte, Montana, of George McDonald and his wife, Doris Palmer McDonald, charged with having murdered Adelard Bouchard, a taxi driver, between Montreal and the United States border.

It was announced yesterday in Ottawa that the Cabinet had committed to life imprisonment the death sentence of Mrs. Doris McDonald, but had decided the death sentence of George C. McDonald must take its course.

Mrs. McDonald, a pretty young woman only twenty-one years of age, for a time was an actress in New York. Bouchard left a widow and large family of children.

The immediate members of the Bouchard family seemed most affected. Mrs. Bouchard was apparently so affected by the news of Doris's reprieve that she refused to be interviewed.

Joseph Dubois, brother-in-law of the murdered man, termed the commutation granted to Mrs. McDonald as "the rankest injustice."

## EXECUTION IN QUEBEC IS SET FOR TO-MORROW

(Continued from page 1)

### EFFORTS OF COUNSEL

It was reported this morning that McDonald's lawyers, holding slender hope his life might be saved, would go before Mr. Justice Walsh, the trial judge, or the Federal Cabinet, and appeal for a stay of execution for McDonald for a few days. They would base their plea, it was said, on the precedent provided in the case of Walter Muir, hanged at Valleyfield a few years ago, when a stay of execution was obtained at the eleventh hour before a local judge. Muir eventually was hanged.

### POLICE GUARD

Chief Dan D. Lorraine of the provincial police, in charge of the sixty men specially mobilized for the occasion, who will guard the jail yard at Valleyfield during the execution. Twenty-five men have been sent from Quebec City to augment the force that will make certain no disorder marks the hanging.

Passed for admission to the hanging have been issued to officials only, and for the first time the newspapermen will find themselves excluded with the rest of the public.

**PRISONER IN GOOD SPIRITS**  
George McDonald is thin and wan, but in good spirits authorities say. He has changed considerably in appearance since the trial, but that unflinching confidence in himself that made him so successful a "confidence man" has not left him. He has laughed and joked with his guards at every opportunity.

Mrs. McDonald yesterday took the news of the commutation of her sentence quietly at first, but shortly was shaken by a fit of weeping. Informed her husband would be hanged, she seemed at first unconcerned. It was known a rift had developed between husband and wife, owing, the authorities say, to the fact that each had attempted in public statements to shield the other. Doris, it is believed, would willingly have gone to death if she could have saved her husband, and she has refused to answer his letters since he issued an affidavit in his cell last week stating she had no part in the actual shooting of the taxi driver. Mrs. McDonald probably will be taken to the Kingston penitentiary next Monday.

Mrs. McDonald has gained weight in jail and has been enjoying good health, the authorities say.

### CITIZENS' OPINIONS

Citizens of Lachine, the home of Adelard Bouchard, are somewhat resentful because Mrs. McDonald's sentence was commuted. The opinion expressed in several interviews there is that the law should have been allowed to take its course, and there is a feeling Doris should pay the penalty along with her husband.

The immediate members of the Bouchard family seemed most affected. Mrs. Bouchard was apparently so affected by the news of Doris's reprieve that she refused to be interviewed.

Joseph Dubois, brother-in-law of the murdered man, termed the commutation granted to Mrs. McDonald as "the rankest injustice."

## ALPINE PARTY IS BURIED BY SLIDE

Salsburg, Austria, March 22—Thirteen members of an alpine club, attempting to descend on skis from the Kitz Peak in the Sonnblick Range, behind the Valley of Gastein, were caught by an avalanche last evening. Four others of the party succeeded in extricating themselves.

The run was attempted in a blinding snowstorm, which was so severe that thirty-five soldiers, who were practicing manoeuvres near the mountain, the catastrophe occurred, were unable to aid the buried alpinists.

The Sonnblick Range reaches a height of 10,277 feet above sea level. A meteorological station on the highest peak is said to be the highest in Europe.

The Valley of Gastein is a deep vale about twenty-five miles long. It is most frequented by alpinists and tourists for it contains some of the finest springs, as well as being noted for the alpine scenery around about it.

### HOUSE IS TOLD OF C.N.R. GAINS

(Continued from page 1)

Net revenues in 1927 had decreased \$5,790,000, he said. The Canadian Pacific had experienced a similar decline in net revenues and a corresponding increase in the ratio of operating expenses to gross earnings.

### CENTRAL VERMONT

The action of the C.N.R. in placing the Central Vermont Railway in a receivership following the New England floods was defended.

"Have you considered abandoning this property which is in the United States," asked William Duff, Liberal, Antigonish.

"No," said Sir Henry.

He explained the importance of the line.

"BUILD B.C."

All Letters Not In

As Pacific Milk is not ready to announce the final prize winners there is really nothing to say. We are waiting to give letters from the Upper Country time to arrive. Pacific Milk goes to the farther corners of the Province and the mail to get here takes time.

## JAIL AND FINE FOR CHINAMAN

Three Months' Sentence and \$250 Fine on Opium Charge

A fine of \$250, a three-month prison term and an additional two months in jail in the event of the fine being unpaid was the sentence awarded a Chinaman named Sam, charged with having opium in his possession, when he was arraigned on remand in the City Police Court to-day before Magistrate Jay.

Arrested by Constables John Ireland and John Blackstock in a cabin in the store Alley, Chinatown, five days ago, Sam has been in a cell in the city lock-up waiting for the government analyst to send in a certificate of contents of a glass of suspicious solution and two small packets found in his premises. The solution was one containing opium. The paper packages were opium dross of junk value.

The police officers found the opium when they searched Sam's cabin late one night. They also found a roughly made hypodermic needle, used for injecting the opium solution.

**DEFENCE PLANS DEBATED BY M.P.'S**

Ottawa, March 21—William Irvine, U.P.A., Wetsaskian, proposed the following resolution in the House yesterday afternoon:

"Whereas it is the existing policy of this country that reasonable preparation should be made for self-defence in case of any war involving Canada; and whereas such preparation, if undertaken, should be both adequate and of such a character as to make war less likely to occur; Therefore, in the opinion of this House it is advisable that legislation be enacted providing that on a declaration of war involving Canada all natural resources and essential services, including transportation facilities, industrial plants and commercial and financial agencies, should be automatically conscripted for national service for the duration of the war."

The resolution caused considerable discussion and was still before the House at the adjournment at 6 p.m.

Hon. J. L. Ralston, Minister of National Defence, urged that it should not be pressed. One of his grounds for objection was that the passage of such a resolution might suggest to the world that Canada was thinking of war at a time when all endeavors were being executed in the direction of peace.

Mr. Irvine argued that if there were grounds for large expenditures for the training of soldiers there were better grounds for the conscription of all other agencies. Fighting men were, perhaps, the least important part of national defence. In the past had soldiers been conscripted, the country would have been able to make money and an opportunity for the country to assume debt.

J. S. Woodsworth, Labor, Winnipeg North Centre, did not doubt the Minister's sincerity, but doubted his consistency. The Minister had said the industrial resources of the country should make a just contribution, but had made a just contribution in the last war? The pensioners' committee was daily investigating cases of returned soldiers who were on the verge of poverty and were precluded from getting any assistance from the Government was ready to give only in the most grudging fashion to those who had lost everything in the war.

Mr. Woodsworth believed war could be obviated by closer trade relations with other countries. Conscription of wealth would be one of the greatest deterrents to war.

**FIVE WERE INJURED BY EARTH SHOCKS**

Audiences Rushed From Theatres in Mexico City

Mexico City, March 22—A check-up made by police to-day showed that five persons were injured by stones falling from houses rocked by last night's earthquake. Newspaper to-day described the shocks as the strongest in seventeen years. An official record of the tremors was not obtained. The instruments at the National station at Tacubaya were thrown out of order by their intensity.

The movement lasted slightly more than two minutes.

Audiences in the theatres were panic-stricken and performers and spectators rushed into the streets. Numerous women fainted, but no casualties were reported.

Dispatches said the shocks in the Vera Cruz region lasted a minute and a half.

The shocks were recorded at the Victoria Meteorological Observatory.

**Pulverized Coal Tests Are Planned**

Ottawa, March 22—Development of the commercial possibilities of pulverized coal will be proceeded with immediately by the Federal Government. To test and demonstrate possibilities, the Government will (a) adapt one of its steamships on the Pacific Coast to utilize pulverized coal; (b) use pulverized coal in one of the Government buildings in British Columbia.

In making this announcement in the House of Commons yesterday, Hon. Charles Stewart, Minister of the Interior, said he thought there was a bright future for pulverized fuel, especially for use in freighters. Pulverized fuel was no longer in an experimental stage.

The matter was brought up on resolution by A. W. Neil, Independent, Comox-Alberni.

Mr. Neil said scientific research in Britain and elsewhere had demonstrated that coal, when used in a highly pulverized form, could successfully compete in price and results with fuel oil. He thought it was desirable the output of Canada's mines should be increased and more labor employed.

C. H. Dickie, Conservative, Nanaimo, who voiced his support, believed pulverized coal could be used in steamships on the Pacific Coast.

**Suicide Verdict Given in Vancouver**

Vancouver, March 22—Mrs. Mary Erenko, found dead in her home here last Sunday night as the result of a bullet wound, committed suicide while temporarily mentally deranged, a coroner's jury decided last night.

Anton Erenko, husband of the woman, who had been held pending the inquest, was released.

**Report Prepared On Fire Tragedy**

Vancouver, March 22—"If I had inspected the building before the fire I would have considered it reasonably safe," said Provincial Fire Marshal J. A. Thomas in referring to the recent mine building fire at Copper Mountain, from the scene of which he had just returned.

"I am badly affected over this and I don't want to make any statement until I have been to Victoria, where I am going to-night in connection with my investigation work," said Mr. Thomas.

"There was no evidence of incendiarism," he concluded.

Nine men lost their lives in the fire.

After investigating the recent Copper Mountain bunkhouse fire, which caused eight deaths, James Dickson, Chief Inspector of Mines, filed a report with Hon. W. H. Rutherford, Minister of Mines, describing the disaster, but coming to no conclusion as to what caused the fire. He had nothing to do with mining operations at Copper Mountain. He left the official investigation to Fire Marshal Thomas, who has made a detailed inquiry. It is for Mr. Thomas to decide whether any official report on the matter by him is required.

**FUNDS ASKED FOR U.S. NAVAL FORCES**

(Continued from page 1)

appropriation of \$48,000,000, is asked, an increase of \$13,500,000.

The marine corps receives a total allotment of \$24,100,000, or \$1,104,000 above the current fund.

Regarding submarine disasters, the committee said it had been prompted by the tragic S-4 crash to conduct exhaustive inquiries into possible ways of building or equipping the underwater craft to lessen the dangers, and that \$200,000 was asked for the navy to continue safety devices work. Besides the present salvage ships, the Falcon and Walgreen, the report said the Orizaba and two other vessels would be assigned to such work, thus providing a salvage ship each for the Atlantic, the Panama Canal Zone, the Pacific Coast and the Hawaiian and Philippines areas.

The auto was completely wrecked and the front part of the street car was badly damaged, but the motorist, Victor Clarke, was not injured. The motorist was held on a charge of manslaughter.

Strang is said to have been unmarried, while Tyson has a wife and two children residing in Blaine.

**MAN IS KILLED IN AUTO-CAR SMASH**

New Westminster, March 22—Victor Strang, United States customs officer at Blaine, Wash., was instantly killed, and John Tyson, also of Blaine, is in a hospital in a serious condition as a result of the crash in which they were driving crashing head on into a British Columbia Electric Railway car at Thirteenth Avenue and Kingsway late last night. Strang was driving.

The auto was completely wrecked and the front part of the street car was badly damaged, but the motorist, Victor Clarke, was not injured. The motorist was held on a charge of manslaughter.

Strang is said to have been unmarried, while Tyson has a wife and two children residing in Blaine.

**Gas Forces Woman To Sleep In Chair**

"Nights I had to sit up in a chair, I had stomach gas so bad: I took Adierika, I feel better than for 20 years. Awtul impurities were eliminated."

Dr. J. Weaver: "In my 50 years' practice, I have found nothing to equal Adierika."

J. E. Puckett: "After using Adierika, I feel better than for 20 years. Awtul impurities were eliminated."

It will astonish you the great amount of poisonous matter Adierika brings out of your system. In chronic constipation, gas bloating, sour stomach and sick headache, just ONE spoonful Adierika brings wonderful relief. At leading druggists. Sold in Victoria by David Spencer, Ltd., and other druggists.

## THE WEST COAST ROAD

**HON. W. H. SUTHERLAND** announces that the Department of Public Works is assembling the equipment that will be necessary for the construction of the West Coast Road and that work will commence in earnest within the next month. He proposes that the engineers shall begin building at the end of the present road near Jordan River and that from the base which will be established there push along the route already surveyed. The removal of a good deal of heavy timber and the bridging of a number of creeks and ravines will constitute much of the first phase of the undertaking.

The Minister of Public Works, consequent upon preliminary surveys carried out more than a year ago, promised last Fall that work on this important project would be commenced this Spring and carried forward with all speed to completion. His announcement to The Times yesterday, therefore, conforms to his original plans and will be received with the utmost satisfaction in this community.

Dr. Sutherland and his colleagues in the Government are convinced that the construction of this road will be of great commercial value to the whole of the West Coast area and especially to this section of the Island. Commercial Victoria, of course, long has realized that communication through those great untouched areas of natural wealth would make tributary to this city most of the business their development would produce. The Government's programme insures that development.

## A MUCH FETTER KING

**KING AMANULLAH OF AFGHANISTAN** seems to be thoroughly enjoying his tour in Europe. He would be difficult to please if he were not. The governments of France and Germany apparently thought of everything they could think of for his entertainment and provided it on the most lavish scale. Germany even went so far as to present the Afghan monarch with a ten-seater aeroplane.

King Amanullah has been in Great Britain for more than a week. For three days he and his Queen were the guests of King George and Queen Mary at Buckingham Palace, after which, as is the custom with royalty staying for more than a few days, they repaired to Claridge Hotel, known as the annex of the Palace by virtue of its frequent use by crowned heads. Yesterday His Majesty was taken for a trip in the air over London and he is reported to have said that it gave him the greatest thrill he so far had experienced in the West. It is obvious, therefore, that Britain will not be outdone either by France or Germany. Before he returns to the fastnesses of his mountainous kingdom he also will pay a visit to Moscow and sample Soviet hospitality. No doubt Messrs. Stalin and Company, since they will have the last word, as it were, will utilize all the resources at their disposal to make an appropriate impression on their fairly near neighbor.

It is customary, of course, for European capitals to put all their "goods in the window" when a foreign monarch or potentate is in town; but it is safe to say that not for many years has any visitor produced such a feverish element of competition between nations as King Amanullah appears to have done. And what is it all about? Afghanistan is a strategic corridor in the Near East. In the old days the shadow of the Russian bear fell across it and on to the Northwest frontier of the Indian Empire. In 1919, after the death of Habibullah Khan, the monarch who now is being fettered in Britain sent his tribesmen against British forces, only to learn that his picked marksmen could do very little while bombs were dropping round them from the air. It was an ill-advised adventure, as Amanullah quickly discovered, and peace soon was restored by the signing of a treaty of friendship.

Latterly, however, the Soviet Government has been charged with using Afghanistan as a channel through which to send its propaganda to the natives of India. In all these schemes the European powers, particularly those who sometimes look upon British influence in the world as a drawback to their own opportunities of expansion, have a direct or indirect interest. So we have an Afghan King whose friendship and good offices are, to all intents and purposes, on the auction block, with western nations bidding for them with a wealth of entertainment almost unparalleled.

Is this not the old game of intrigue, a more refined and public method of creating what does not appear to be, but really are, "understandings"? Is all the glitter the sugar for a bitter pill that somebody may have to swallow later? It is an interesting question.

## CANADA IN THE AIR

IT PROBABLY WILL COME AS A SURPRISE to many Canadians to learn that some 200,000 square miles of unexplored territory has been mapped for the Topographical Survey Branch of the Dominion Government by Canadian airmen in the last five years. This is equivalent to circling the globe eight times with a mile-wide strip photographed. Mr. A. M. Narroway, assistant director of the department, told this story in an address to the members of the Ontario Legislature and department officials yesterday, and he considers it a world record of its kind.

As Mr. Narroway pointed out, there is very little of the glamor of excitement about this remarkable achievement; but it means that no longer does the geologist have to wait about seventy or eighty per cent. of his time finding his way about unpromising areas. The surveyor from the air has saved him all the inconvenience and hardship associated with it. In this way the Canadian airman is contributing in a valuable way towards the more speedy development of our natural resources.

Long distance aeroplane flights, record-breaking speeds, of course, always will capture popular imagination. Nor should we underestimate the value of the sporting instinct of our race. The pages of Canada's history contain many brilliant chapters about the pioneer. Had he not been a sportsman, if his sense of humor had failed him, our country would not be dotted with so many thriving cities and smiling fields. He, like the Canadian airman, was the work horse, not the race horse, as Mr. Narroway describes our new surveyor. His victories were not spectacular ones.

## THE LIBERAL WAY

**BRITISH COLUMBIA WAS THE FIRST** province in Canada to take advantage of the Old Age Pension legislation which the Mackenzie King Government passed at Ottawa last year. Saskatchewan followed next. Now Manitoba has fallen into line.

A Liberal government is in office in this Province and in Saskatchewan. The Bracken Government is a Liberal government going by another name. But there is a Conservative government in office in Ontario supported by a substantial majority in the Legislature. Premier Ferguson steadily refuses to have anything to do with Old Age Pensions. Even his own supporters, moreover, are beginning to charge him with an unwillingness to initiate such a measure because it would be tantamount to approving legislation passed by a Liberal government at Ottawa.

There is nothing unusual in the attitude of the Ontario Administration. It is typically Conservative. Those Conservatives in the Federal House who did not actively oppose the measure in debate damned it by faint praise. The Conservatives in the local Legislature took a similar stand. Yet if it had been a proposal to bonus a few industrial barons at the expense of the workers of the country, it would have had the blessing of every Conservative in the land. It was meant, however, to furnish light at eventide to those fine Canadians who have served their country well, but whose labors have not been rewarded with sufficient of this world's goods to permit them to spend their old age in the comfort to which they are entitled.

Incidentally, of course, Ontario indirectly is paying a large proportion of the Dominion Government's contribution to the participating provinces; but its old people are getting no benefit from it.

## THE HEALTHY CANADIAN DOLLAR

**ON WALL STREET YESTERDAY** THE Canadian dollar was at a premium of one-sixteenth of one per cent. and predictions are made that it soon will increase to one-eighth.

Our dollar was the first currency to put itself on a level with the American dollar after the war. On several occasions, moreover, it has been worth a little more than one hundred cents on Wall Street in the last few years. It again is enjoying that distinction, having as a companion in its prosperity the pound sterling, which set a new high for the year in earning its premium.

These developments do not materially affect the fortunes of the ordinary mortal on a salary; but when our dollar can look down, even from an eminence of one-sixteenth of one per cent., upon our neighbor's dollar, it advertises a financial condition which speaks for itself.

## WHAT OTHER PAPERS SAY

LEAGUE OF NATIONS TENDENCY  
(From The Times, London)

The League is not now an event. It is a steadily growing tendency, which, like all tendencies, half conceals itself in a routine that appears monotonous. Yet this particular tendency is one of the most important facts in the world to-day. The search through the League for guarantees of peace is not vain because it no longer has the attraction of novelty. The League cannot but hover in the perilous neighborhood of platitudes, because these platitudes do represent, however indistinctly, a profounder temper in the modern world. It is agreed, for instance, on all hands that peace is better than war, that agreement between the nations is far more profitable than conflict: The lessons of the last war have themselves become almost a platitude in the impoverishment from which Europe is just recovering. It is also a platitude that war is an ancient habit, that the temper of nations may quickly change, that extreme war-weariness at any moment is in itself no guarantee against a renewal of war in the future. To this is now added the perception, embodied in the League and implicit in the Peace Treaties, that the tangled politics and economics of the new world may contain fresh and unsuspected possibilities of conflict. We only half know where we are and where we are going.

## TOTS FROM GEOGRAPHY

**FORT OF DINANT, Belgium.**  
It was constructed by Philip the Good in 1466, for protection against the outraged peoples residing in the little town below the citadel. Philip, in an insane mood, had 800 of the townspeople drowned in the swift river before the castle. To save himself he had to hasten the building of the towering fortress.

## Life's Niceties Hints On Etiquette

- 1—Are formal parties given during Lent?
  - 2—Is all entertainment out of order in Lent?
  - 3—What types are permissible?
- THE ANSWERS**
- 1—No.
  - 2—It used to be, but nowadays things have changed.
  - 3—Informal parties of almost every kind are given. Persons who keep Lent rigidly should never be included in the invitations.

## Bridge Me Another

By W. W. WENTWORTH

- (Abbreviations: A—ace; K—king; Q—queen; J—jack; X—any card lower than 10.)
1. What is the quick trick value of K Q 10 X?
  2. When you hold a defensive major suit bid, should you bid it sitting at the left of an original no-trump bidder, if you are weak in the other major suit?
  3. How many probable tricks in K X held by you in support of your partner's bid?

- THE ANSWERS**
1. One and one-quarter quick tricks.
  2. As a general rule, no.
  3. One.

## The WEATHER

Daily Bulletin Published by the Victoria Meteorological Department

Victoria, March 22.—A sea breeze from the south is crossing this Province and heavy rain has occurred on the Coast. Mild weather extends to Manitoba.

**Reports**  
Victoria—Barometer, 29.85; temperature, maximum yesterday, 57; minimum, 47; wind, 4 miles E.; rain, .55; weather, rain.  
Nanaimo—Barometer, 29.82; temperature, maximum yesterday, 55; minimum, 46; wind, 8 miles E.E.; rain, .57; weather, rain.  
Kamloops—Barometer, 29.45; temperature, maximum yesterday, 55; minimum, 46; wind, 4 miles E.; rain, .55; weather, rain.  
Prince Rupert—Barometer, 29.45; temperature, maximum yesterday, 45; minimum, 35; wind, 4 miles E.; rain, .55; weather, rain.  
St. John's—Barometer, 29.85; temperature, maximum yesterday, 55; minimum, 45; wind, 20 miles E.E.; rain, .55; weather, rain.

## A CORRECTION

To the Editor—In your report of the annual meeting of the British Columbia Association you report me as saying that "the Robb budget shows reduction of debt by \$144,000,000; proposes further cuts in taxes totalling \$90,000,000. This is not quite correct. I said that the Robb budget showed reduction of national debt of \$144,700,000 in the five-year period ending March 31, 1928, and that reduction in taxes of \$19,000,000 were forecast for the current year.

DAVID RAMSAY  
2888 Heath Drive, Gorge, March 21, 1928.

## ST. ANN'S HONOR MOTHER GENERAL

Rt. Rev. Mgr. J. J. Leterme  
Also Honored at Reception  
This Week

St. Ann's Academy on Humboldt Street was the scene of two enjoyable receptions this week. One tendered to Mother Mary Leopoldine, Mother General of the Order of St. Ann in Canada, and the other to Rt. Rev. Mgr. J. J. Leterme, for nearly forty years chaplain at the Academy.

Mother Mary Leopoldine is on her official visit to British Columbia from St. Ann's Canadian headquarters at Lachine, Quebec, and it was in her honor that the 300 pupils, attractive in their school uniforms of navy blue and white and all wearing the school colors of gold and blue, assembled in the auditorium and presented to Mother General an address of welcome and a purse containing \$100 in gold, which will be used for the new Alaskan mission.

Miss Kathleen Nesbitt read the address, and the purse was presented by one of the junior pupils. Miss Mary Lovick, on behalf of the pupils and teachers at the convent, presented to the guest of honor a lovely basket of spring flowers. The attractive musical programme included a piano duet by the Misses Margaret Devlin and Dorothy Simpson, and two choruses by the senior pupils.

Mother General replied to her welcome and said how pleased she was to be in this most western city under her jurisdiction. Her recent visit to Rome, where she had a fifteen minutes' audience with His Holiness the Pope, and her visit to the original grove at Lourdes in France were touched upon by Mother General in addressing the children. In conclusion she thanked the pupils and teachers most sincerely for their kind words of welcome.

Miss Margaret Fletcher read the address to Rt. Mgr. Leterme and little Joy Lachapelle presented him with a spiritual bouquet. Contained in the address were words of congratulation to Mgr. Leterme upon his attaining forty years as a priest in the city of Victoria, where for almost the whole of that time he has faithfully served as chaplain at St. Ann's Academy. Mgr. Leterme replied, saying how delighted he was to be with the convent for so long, where his relations had been so happy, and he said he hoped he would long be spared to still further serve the Academy.

## O'CONNOR RETURNS HOME

New York, March 22.—Hon. T. P. O'Connor, dean of the British House of Commons, called for England to-day on the liner Aquitania after a visit of three weeks in the United States. He came here to seek a climate to help his rheumatism. Before sailing he said he was well pleased with the reception he had been given and was looking forward to another visit.

## LEARNS FACTS ON PARK LAND

J. C. Campbell Investigates  
Desirability of Acquiring  
Forbidden Plateau

Looking over the data relating to the Forbidden Plateau area in the interior of Vancouver Island which, as it is among the most ruggedly beautiful of all scenic wonderlands of the Province, is considered desirable National Park territory, J. C. Campbell, director of publicity of the Parks Board, Department of the Interior, returned here Tuesday from Courtenay.

Mr. Campbell is interested in the Forbidden Plateau land. He considers it ideal for park purposes. Approached for an expression of opinion in the matter, Mr. Campbell stated that in the event of the area being turned over to the Dominion Government as a park, he could assure British Columbia that it would be developed and protected just as the great Mainland mountain park areas are.

Mr. Campbell addressed a meeting of townpeople at the Courtenay City Hall on Monday. He acquired a thorough knowledge of the contour and most interesting phases of the Forbidden Plateau land. Courtenay is confident he says, that the Forbidden Plateau will be made a park district in the near future. Negotiations to this end have already been commenced.

## Kitchener Win First Of Playoffs Against Detroit By One Goal

Detroit, March 22.—Kitchener Millionaires converted a loose puck into a goal that defeated the Detroit Olympics in the first game of the play-off in the Canadian professional hockey series here last night, 1 to 0. It was a fast grueling game with both clubs handling out stiff body checks.

No Strife!

An old negro got up one night at a revival meeting and said:

"Budders and sisters, you knows an I knows dat I ain't been what I ought to be. I've robbed hen-roosts, an' stole haws, an' told lies, an' got drunk, an' slashed folks with mah razor, an' cussed and swore; but I thank heaven dere's one thing I ain't nebbber done—I ain't nebbber lost mah religion!"

## PIMPLES LASTED OVER 2 YEARS

Very Large and Painful. Healed by Cuticura.

"My daughter's face was covered with pimples that were hard, very large and red. They festered, and were so thick that you could not get a pin head between them. They also broke out on her shoulders and back. They itched and burned, and she could hardly have her clothes touch her, they were so painful. Her face was badly disfigured. The trouble lasted over two years. I read an advertisement for Cuticura Soap and Ointment so purchased some and at the end of three months she was healed." (Signed) Mrs. Horace Reynolds, New Glasgow, N. S., March 22, 1927.

Cuticura Soap, Ointment and Cream are ideal for daily toilet use.

## ACIDS IN STOMACH CAUSE INDIGESTION

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach. The delicate stomach lining is irritated, digestion is delayed and food clogs, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestions are not needed in such cases and may do real harm. Try taking aside all digestive aids and instead get from any druggist some Bismarck Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion. (Adv.)

## TO OPEN NEW HARBOR

London, March 22.—Rt. Hon. J. H. Thomas, M.P., general secretary of the National Union of Railwaymen, formerly Secretary of State for the Dominions, accompanied by his wife, left London yesterday for the Gold Coast. He is going to the Gold Coast Colony in Western Africa to open a new harbor constructed at a cost of £4,000,000, which work he started while he was a member of the Labor Government.

## ROTARY LEADER COMING NORTH

For Big District Conference in Seattle; Leaves Heavy Business

Definite advice that Harry H. Rogers, director and immediate past president of Rotary International, will appear on the programme of the First District Rotary Conference in Seattle, April 22-25, has been received by the district's Seattle headquarters.

His address will be one of the outstanding features of the conference, and the certainty that he will be present brings genuine satisfaction to Rotarians all over the first district, comprising Washington, Oregon and British Columbia. A lesser grade is also given to the anticipation of the programme conference.

The conference is regarded by Rotary leaders as being fortunate in obtaining Mr. Rogers' consent to make the journey north from Texas, for he is not only one of Rotary's big men, but also one of the busiest business men in the southwest.

Cotton mills, oil wells, railroads, banks and lumber companies are among his business interests over which he has to distribute his time.

## YOUNG MUSICIANS KEEN FOR HONORS

Many Have Entered Festival Contest April 10 to 14

That the younger generation is keenly alive to the advantages to be derived from festival competition, is borne out by the large number of entries received for the Victoria Musical Festival which takes place April 10 to 14 next.

Twenty-nine public school choirs have entered in the various classes and in addition fourteen junior choirs other than public school choirs will take part. Amongst this number is a girls' high school choir from Port Angeles, a public school choir from Shawinigan and a private school choir from Duncan.

In addition there are a large number of entries in the vocal and solo classes, also in the piano and violin divisions. The selection committees are also well patronized so that a strenuous time is assured the lady and gentlemen who will officiate as adjudicators. In this respect the directors are satisfied that competent judges have been selected and candidates can depend on constructive criticism and advice.

There are a few days left for late entries to be accepted; the list closing next Saturday, March 24 at the festival office, 1623 Douglas Street.

## Deer Captured On Vancouver Street

Vancouver, March 22.—While walking along Broughton Street in the west end of this city last evening, two men captured a full grown deer when it dashed toward them. A number of dogs from nearby residence were in eager pursuit of the animal. Where the deer came from is a mystery. It was not injured and had apparently traveled a considerable distance.

## Chinese Wedding Held in Ottawa

Ottawa, March 22.—Two of the great families of China were united by marriage in Ottawa last night. It was a unique event for the capital, and was attended by many prominent in Ottawa official and political life.

The bride, Miss Phyllis W. J. Lin, is a daughter of the late Lin Chang-min, formerly Minister of Justice at Peking, and the groom, Shi Cheng-liang is the eldest son of Liang Chieh-shao, noted Chinese scholar and reformer.

The groom is a brother of Mrs. Chow, wife of the Chinese consul-general in China.

Rev. John W. Woodside of Chalmers United Church officiated at the ceremony.

money at the Chinese consulate. There was much laughter as Miss Agnes MacPhail, M.P., was handed the bride's bouquet.

Both the bride and groom are graduates of the University of Pennsylvania.

Seaside Dance—All is in readiness for the dance being held in the Agricultural Hall, Seaside, on Friday evening, March 23, under the auspices of the North and South Seaside Agricultural Society. The hall is being decorated by the ladies on the directorate of the society. Pitt's orchestra has been engaged for the occasion. All members of the club and their friends will be welcome.

Armada Tennis Club Dance—The last dance to be staged this season by the Armada Club will take place on Friday, March 23, at the Amphion Hall, Yates Street. Dancing will be from 9 until 1 o'clock. Osgood's three-piece orchestra will provide the music. All members of the club and their friends will be welcome.

## The "CANARY" MURDER CASE

By R. S. VAN DENB  
Author of "The Benson Murder Case"

"And when the man knocked on the door the second time, what did he say?"

"As near as I can recollect, sir, he said: 'Open the door, Margaret! What's the trouble?'"

"And can you remember her exact words when she answered him?"

Jessup hesitated, and frowned reflectively.

"As I recall, she said, 'There's nothing the matter. I'm sorry I screamed. Everything's all right—go please go home, and don't worry.' Of course, that may not be exactly what she said, but it was something very close to it."

"You could hear her plainly through the door, then?"

"Oh, yes. These doors are not very thick."

Markham rose, and began pacing meditatively. At length, halting in front of the operator, he asked another question:

"Did you hear any other suspicious sounds in this apartment after the man left?"

"Not a sound of any kind, sir," Jessup declared. "Some one from outside the building, however, telephoned Miss Odell about ten minutes later, and a man's voice answered from her apartment."

"What's this?" Markham spun round, and Heath sat up at attention, his eyes wide.

"Tell me every detail of that call."

Jessup complied unemotionally.

"About twenty minutes to twelve a trunk-light flashed on the board, and I answered it, a man asked for Miss Odell. I plugged the connection through, and after a short wait the receiver was lifted from her phone—"

"You can tell when a receiver's taken off the hook, because the guide-light on the board goes out—and a man's voice answered 'Hello.' I pulled the listening-in key over, and, of course, didn't hear any more."

"There was silence in the apartment for several minutes. Then Vance, who had been watching Jessup closely during the interview, spoke.

"By the bye, Mr. Jessup," he asked carefully, "were you yourself, by any chance, a bit fascinated—let us say—by the charming Miss Odell?"

"For the first time since entering the room the man appeared ill at ease. A dull flush overspread his cheeks."

"I thought she was a very beautiful lady," he answered resolutely.

Markham gave Vance a look of disapproval, and then addressed himself to the operator.

"That will be all for the moment, Jessup."

"The man bowed stiffly and limped out."

"This case is becoming positively fascinating," murmured Vance, relaxing once more upon the divan.

"It's comforting to know that some one's enjoying it," Markham's tone was irritable. "And what, may I ask, was the object of your question concerning Jessup's sentiments toward the dead woman?"

"Oh, just a vagrant notion struggling in my brain," returned Vance.

Heath, rousing himself from gloomy abstraction, spoke up.

"We've still got the finger-print, Mr. Markham. Am I thinking that they're going to locate our man for us?"

fact that the guy who was hiding in here did the job."

"That appears incontrovertible," agreed Markham. "And I'm inclined to think it was some one she knew. She probably screamed when he first revealed himself, and then, recognizing him, calmed down and told the other man out in the hall that nothing was the matter. . . . Later on he strangled her."

"And, I might suggest," added Vance, "that his place of hiding was that clothes-dress."

"Sure," the sergeant concurred. "But what's bothering me is how he got in here. The day operator who was at the switchboard until ten last night told me that the man who called and took Odell out to dinner was the only visitor she had."

Markham gave a grunt of exasperation.

"Bring the day man in here," he ordered. "We'll go to the straightening of things out. Somebody got in here last night, and before I leave I'm going to find out how it was done."

Vance gave him a look of patronizing amusement.

"I know, Markham," he said. "I'm not blessed with the gift of psychic inspiration, but I have one of those strange, indescribable feelings, as the minor poets say, that if you really contemplate remaining in this bedroom hound till you've discovered how the mysterious visitor gained admittance here last night, you'd do justly well to send for your toilet accessories and several changes of fresh linen—not to mention your pyjamas. The chap who engineered this little soiree planned his entrance and exit most carefully and perspicaciously."

Markham regarded Vance dubiously, but made no reply.

(Tuesday, September 11, 11:35 a.m.)

Heath had stepped out into the hall, and now returned with the day telephone operator, a tall, thin young man who, we learned, was named Spivey.

His almost black hair, which accentuated the pallor of his face, was sleeked back from his forehead with pomade, and he wore a very shallow mustache which barely extended beyond the alae of his nostrils. He was dressed in an exaggeratedly dapper fashion, in a dazzling chocolate-colored suit cut very close to his figure, a pair of cloth-topped buttoned shoes, and a pink shirt with a stiff turn-down collar to match.

He appeared nervous, and immediately sat down in the wicker chair by the door, fingering the sharp creases of his trousers, and running the tip of his tongue over his lips.

Markham went straight to the point.

To be continued

### SOCIAL AND PERSONAL

Mr. H. Gowen of Vancouver is spending several days in Victoria, and is a guest at the Empress Hotel.

Mr. and Mrs. Jack White of Portland are visitors in Victoria, and are guests at the Empress Hotel.

Mr. Bert Bayliss arrived from Seattle last Saturday and will make his home in Victoria in future. At present he is a patient in the T.B. ward, Jubilee Hospital.

Mrs. H. L. Wilson threw open her home of Granite Street on Tuesday afternoon for a social and bridge under the auspices of the Canadian Daughters' League, the affair proving most enjoyable. The house was attractively decorated with flowers, pink tulle being used in the music room; red curtain blossom in the sun-room, while in the dining-room daffodils and shamrock graced the table, at which Mrs. T. Pearson and Mrs. Angus Galbraith presided, assisted by Mrs. Green, Mrs. Pike, Mrs. Dewar, Mrs. Cottell and Mrs. Stewart.

W.B.A. Review—Under the auspices of Queen Alexandra Review, W.B.A. a home cooking stall will be held in Spencer's basement on Saturday morning with Miss Reilly as convenor. Members are asked to leave donations at the Royal Dairy on Friday afternoon if possible. A special meeting is being arranged for Monday evening next for the purpose of balloting for candidates, practicing the ritualistic work and learning the new W.B.A. songs. The members are mourning the loss of a dearly beloved sister, Christina Watson, who has been an active member of the association for twenty-five years.

### CHAPTER X

"But even if Dubois does identify those prints," said Markham, "we'll have to show him the owner of them got into this place last night. He'll claim, of course, they were made prior to the crime."

"Well, it's a sure thing," declared Heath stubbornly, "that there was some man in here last night when Odell got back from the theatre, and that he was still here until after the other man left at half-past eleven. The woman's screams and the answering of the phone call at twenty minutes to twelve prove it. And since Doc Doremus said that the murder took place before midnight, there's no getting away from the

## MRS. B. T. DRAKE TO SING AT RECITAL

As he has been called from the city, Mr. Arthur Gore will be unable to sing as arranged at the recital to be given by Kathleen Hale, the Canadian writer and poet, at the New Thought Temple on Friday evening under Provincial Girl's Guide auspices. Mrs. B. T. Drake has kindly consented to step into the breach and contribute a vocal group.

## URGES WOMEN TO GUARD AGAINST COMMUNISM

(Continued from Page 5)

Cadets, Boy Scouts and the Girl Guides, Canada's boyhood and girlhood are the nature wealth of our land and as such their welfare should be our dearest and most constant care and charge. These thoughts should lead us automatically forward till we arrive at the time of our country's life of these same boys and girls.

### MIGRATING CANADIANS

"At this point one is faced with the problem of finding them the adequate employment that will insure their staying under the Union Jack. Now, if Canadians do not patronize home industry, if Canadians do not spend their money in Canada, and if we British do not buy Empire goods, it is obviously impossible to create jobs for the citizens of the country. We all know the fact that a constant stream of manpower leaves our borders simply because no business openings in Canada are to be found for them. Yet how sincerely and consistently do you and I try to provide that business opportunity by the exclusive patronage of home products or the use of home-grown food-stuffs?"

"There can be no doubt that if we pursue this project individually as well as collectively an important step forward towards better times will be the result. A hearty co-operation with the British Empire Shopping Week movement is in line with this argument, and will probably do much to create the public opinion necessary to bring about a really needed reform."

### SHOULD STUDY PROBLEMS

"Chapters of the I.O.E. might do a very valuable service not only to our own people, but also to Canada, by making study of the questions governing the community life of our own day. Problems such as immigration, the bettering of our Canadian magazines, securing and showing of the all-British films, prevention of Communistic Sabotage or ordinary schools in our midst and the varied forms of social service provide a field for the exercise of all our intelligence."

### MISS COOKE'S REPORT

Miss A. B. Cooke, educational secretary, presented a comprehensive report dealing with the work of the various primary chapters, telling of pictures and calendars presented to the schools, books, prizes and bursaries given, including Camosun, Gonzales, Lady Douglas, Esquimalt, Navy League, Victoria Nightingale, Dr. O. M. Jones and Harvey-Bosage Chapters.

In secondary education seven chapters had "supported this most splendid and necessary department of our work," she said. "When it is realized that Canada is the only organization that has undertaken the work of systematic financial help being given to the sons and daughters of men who paid the supreme sacrifice, during their high school or business education, one wonders why all chapters do not assist."

### STUDENTS ASSISTED

"It should be one of the first and most happy obligations, but for the last few years it has been left to seven or eight chapters, and these the same chapters that, having given up their own chapters, have adopted these have given generously to the War Memorial. This is hard to understand when the educational work and the help of soldiers' dependents is one of the chief of the aims and objects of the order."

"This year we have assisted eight students, six in high school and two taking business courses. One appeal for help in the purchase of high school books was granted. This enabled two very bright boys to continue into high school—without it they would not have entered, and probably the other would have had to leave his work half finished. Our students have had good and some excellent reports for the year. All praise to you."

"We have carried on this work since 1920, and in that time assistance has been given twenty-one students under the Municipal fund, and three have recognized their chapter bursaries."

"Further, on personal inquiry, made last Summer, it was found that all who had graduated from their schools high school, business college or merchant marine, had so far made good—done well—and in every particular more than justified our personal and financial interest. It is a fact that some at least would have found it absolutely impossible to continue their education. To others it meant the difference between a meagre and stilted participation in the life of the school and an entering into the full benefits and enjoyments of the sports, and all that goes to the development of a fine student and a splendidly well-balanced citizen."

cial interest. It is a fact that some at least would have found it absolutely impossible to continue their education. To others it meant the difference between a meagre and stilted participation in the life of the school and an entering into the full benefits and enjoyments of the sports, and all that goes to the development of a fine student and a splendidly well-balanced citizen."

**MANY DONATIONS**

"Will the chapters 'take stock' again and see if they cannot help this much deserving work, while it is time? The soldiers' children are growing to manhood and womanhood, and we made a promise to their fathers—so we must not fall them."

Donations given by the chapters to this secondary educational trust fund from February 16, 1927, to February 15, 1928, were as follows: Camosun Chapter, \$90; Gonzales Chapter, \$80; Lady Douglas Chapter, \$110; Esquimalt Chapter, \$100; Navy League Chapter, \$108; Florence Nightingale Chapter, \$100; Valentine Harvey—Beaumont Boys Chapter, \$24.

Miss Cooke also reviewed the progress of the War Memorial scheme, stating:

"British Columbia's share of this fund is \$5,200, which, on a membership of 2,200 works to a per capita of \$2.36. The following Victoria chapters met their full allotment this year: Florence Nightingale Chapter, \$154; Esquimalt Chapter, \$27.75; Valentine Harvey—Beaumont Boys Chapter, \$21.84; Gonzales Chapter, \$20.1; Robert Burns McKicking, \$32.50.

"Other chapters have paid in part as follows: Camosun Chapter, \$24; Dr. O. M. Jones Chapter, \$10; Royal Bridge Chapter, \$5. Gonzales Chapter also paid the \$101 required at the eleventh hour to complete the \$500 quota before the provincial annual. The total donation for the year, \$614.91."

### Emphasis on Dress

The doctor was rather annoyed at being dragged from his bed, but he agreed to examine the female patient who had come to him direct from a dancing party.

"You have caught a severe chill," he said tersely. "Go straight home, dress, and get into bed."

### Corn Meal Cleaner

To brighten carpets and rugs, corn meal dampened with just enough kerosene to soften is excellent. Sprinkle it over liberally and then sweep.

## BRIGHTEN YOUR HOME — NOW — AT LITTLE EXPENSE

### This NEW corner effect is the latest thing in RUG patterns

Again, Congoleum Gold Seal Rugs lead in establishing new rug fashions . . . this time with a new corner effect that can be used as either the new rounded effect or square.

Again, Congoleum Gold Seal Rugs set a new standard for quality with the new "Multi-core" surface, whereby longer wear is built into the felt base and throughout the durable surface.

Yet, with all these advantages, comes the most surprising news of all—Prices are now lower than ever.

Your dealer has a full assortment of beautiful new patterns to select from at these low prices.

## SAYS PARLIAMENT BEST CLUB HOUSE

Agnes MacPhail, M.P., As-sails House of Commons

Ottawa, March 22.—Canada's House of Commons is a one-man show, and possibly the best clubhouse in Canada, and contrary to the general belief, the Cabinet controls the Commons instead of the Commons controlling the Cabinet, declared Miss Agnes MacPhail last night before members of a local service club.

She also asserted the greater part of the governing of Canada was carried on in the lobbies of the Parliament Buildings, in private rooms of an Ottawa hotel, and on St. James Street, Montreal.

She referred to the House as a glorious place in which to be, but admitted that when she was first elected, seven years ago, she was rather tremulous.

"But I have grown used to it all now, and what I resent is the very strong class consciousness we get. Class interests predominate financially and legally, and anything which questions their privileges and what authority they have is strongly resented."

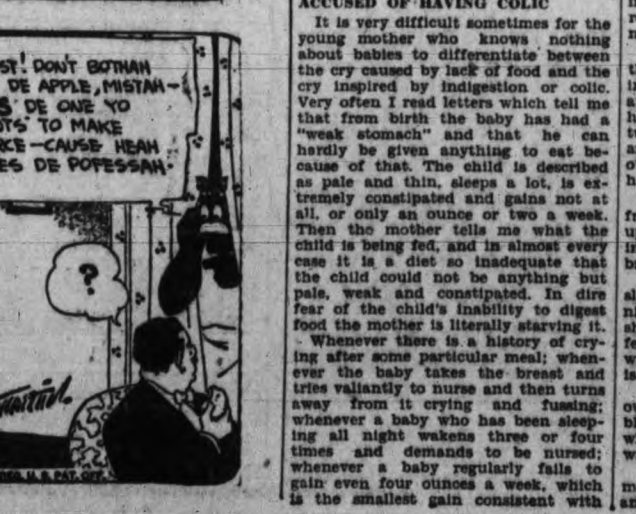

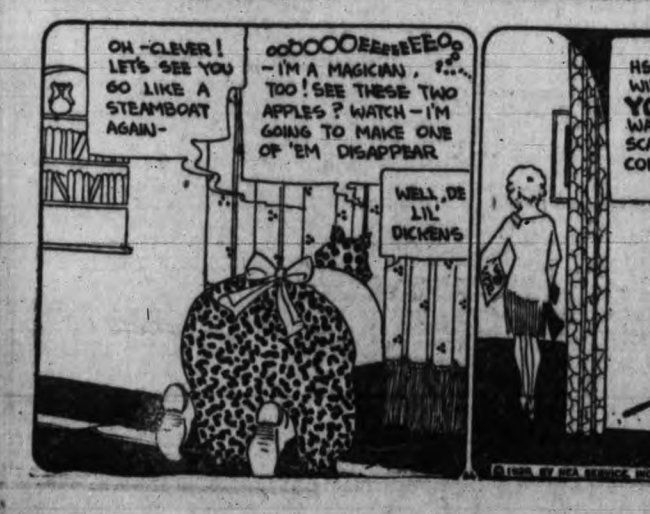

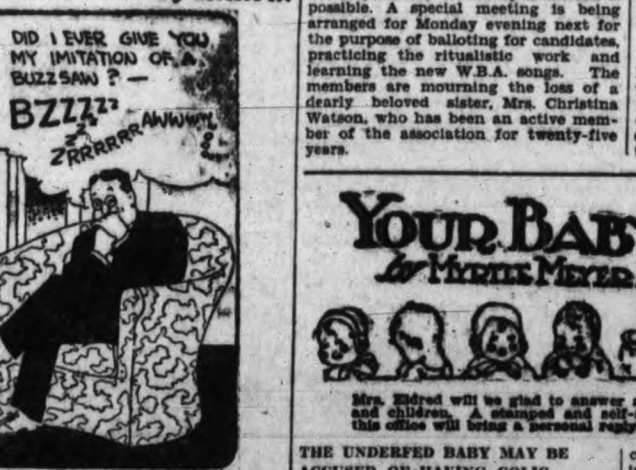

Miss MacPhail asserted members of Parliament hate general elections as many fear they will not be returned.

"The press puts out only the things it wants to. It is the same force that governs the Government that governs the press," she declared.

Juvenile A.O.F.—The regular monthly meeting of Court Canada Excelsior No. 1 will be held at the A.O.F. Hall, Cormorant and Bingham Street, tomorrow at 7:30 p.m. After the meeting a juvenile concert will be given by a number of fine artists, commencing at 8:30. All are welcome, and an enjoyable evening is promised.

## BOOTS AND HER BUDDIES—Fair Warning, Mr. Ruggles

—By MARTIN

Mrs. Edred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

### THE UNDERFED BABY MAY BE ACCUSED OF HAVING COLIC

It is very difficult sometimes for the young mother who knows nothing about babies to differentiate between the cry caused by lack of food and the cry inspired by indigestion or colic. Very often I read letters which tell me that from birth the baby has had a "weak stomach" and that he can hardly be given anything to eat because of that. The child is described as pale and thin, sleeps a lot, is extremely constipated and gains not at all, or only an ounce or two a week. Then the mother tells me what the child is being fed, and is almost every case it is a diet so inadequate that the child could not be expected to gain, pale, weak and constipated. In dire fear of the child's inability to digest food the mother is literally starving it. Whenever there is a history of crying after some particular meal, whenever the baby takes the breast and tries valiantly to nurse and then turns away from it crying and fussing; whenever a baby who has been sleeping all night awakens three or four times and demands to be nursed; whenever a baby regularly fails to gain even four ounces a week, which is the smallest gain consistent with

continued good health, then stop giving such abjects as "weak stomach" and recognize that this child probably needs food.

Babies who are satisfied all day on their rations and then stay awake crying from six until their next nursing at ten, have not chosen this particular hour just to irritate their parents, or turn night into day, or "play," but are simply dissatisfied with that 6 o'clock feeding. They'll sleep when they have more food.

The baby who can't get anything from the breast and after frequent waking up and goes to sleep and then wakes up in an hour, simply needs food. The breast milk isn't there.

The well-fed baby who has been sleeping and then wakes for frequent night nursings in almost every case should be weaned. At any rate under-feeding is usually the cause of his restlessness. It ends when his diet is improved.

The baby who gains less than four ounces weekly is underfed. Don't blame it on teeth; put the blame where it belongs—on his diet, which is wrong in some particular. Babies have the faculty of being model babies when they have a good and nourishing diet.

# Normals' Victory Is Thrown Out

## Nanaimo's Protest Is Upheld and Basketball Game To Be Replayed

Y.M.C.A. Gymnasium Fails to Comply With Rules for Championship Contests and New Hall Must Be Found for Replay; Normals Won Last Night's Game and Island Title, But Cannot Play Vancouver Champions on Saturday as Planned

Although the Normal School won the final game of the Island Senior "B" men's basketball championship at the Y.M.C.A. last night they lost it on the long-distance telephone this morning. They will be forced to replay the game at a date and place to be announced later.

Before the game started last night Nanaimo filed a protest on the grounds that the floor at the Y.M.C.A. did not comply with the rules laid down in Spaulding's Rule Book. The game was played and the Normals won with enough points to make up the three-point deficit they suffered in the opening game in Nanaimo.

Immediately after the game "Scotty" Dowds, president of the Island Association, got in touch on the telephone with the other members of the executive, and at noon he announced a unanimous decision for a replay.

The Normals were to have met the Mainland champions here on Saturday night, but that game will have to stand over until the Normals and Nanaimo settle their troubles.

In one of the best basketball games witnessed here in a long time, the Normal School decisively defeated Nanaimo in what was to have been the final of the two-game series to decide the men's senior "B" championship of the Island.

Last Friday at Nanaimo the Normal School were defeated by three points, but last night's 27-20 victory gave them a winning margin in the two games of four points. The win, however, did them no good, as they must go into a replay.

Both teams played in "big league" style last night, and the game was fast from start to finish. At half time the score stood 13-9, with Normal on the long end, but about five minutes before time, with Ralph Thomas leading on personal, Nanaimo scored five points to make the score 18-19. Full Rose and Joe Ross, however, brought the fans to their feet, with some beautiful shots, to pull the game out of the fire, and Nanaimo home without the championship.

### LOCALS OFF IN LEAD

Nanaimo started off with a rush, but the local defence proved too much, and lanky "Cy" Chapman went through to open the scoring with a lovely basket. Nanaimo dropped in a penalty, but Joe Ross gave Victoria a three-point lead when he scored from centre. Nanaimo cut this down with a neat field basket, while Thomas found the basket on a penalty for the locals. Play was fast, with Referee Kelly keeping the game well under control. Nanaimo scored two field baskets to tie the score, but a penalty by Rose and a beautiful basket from the locals, centred by Thomas, put the locals ahead. Nanaimo added two more points, while Rose added another three points, while Nanaimo added two on a shot from under the basket. Lucas came on for two points to give Victoria a four-point lead at half time.

**PLAY STILL FAST**  
On the resumption of play, Thomas added two on a pass from Lucas. Nanaimo took the spotlight when they dropped in two penalties, but Thomas and Lucas discounted this when they annexed three points on a penalty and a basket. Nanaimo scored on a penalty and immediately after Thomas, popular skipper of the locals, was banished for his fourth personal foul.

### NANAIMO EVENS UP

The visitors seized the opportunity presented and scored seven points in about six minutes to destroy Victoria's lead. Lucas was the first of the locals to get back into stride, when he dropped in two points from under the basket. The locals now held a three-point lead, which in the two games was equivalent to a tie. Excitement was at fever pitch when Joe Ross scored on another penalty, and then Ross brought the fans to their feet with a lovely basket. He added another point on a penalty. Nanaimo rallied again, but Joe Ross settled things when he dropped in a long shot from centre, his third from past centre during the evening. Before any further scoring the whistle sounded, and Normals won the championship.

Both teams played hard and the winners deserve a lot of credit for their victory. Ross turned in one of his best games this season and led the score with eleven points.

Kelly of Nanaimo handled the game. The teams were:  
Nanaimo—Love 2, Clain, Lowe 4, Bradshaw 9, Walford, Millburn 3, Kelly 2, Alkenhead.  
Normal School—Knott, Rose 4, Lucas 6, Thomas 4, Chapman 2 and Ross 11. Two good penmanship were played. The Normals defeated the Hudson's Bay 22-10, and Victoria College won from the High School in overtime by two points.

Temple's neat basket in the overtime play gave the College the right to meet the Hudson's Bay in the final for the Bob Whyte shield. Play was fast and exciting, and the score at the end of regular playing time was 28-28. Jack Taylor handled the game, the teams were:

College—Dunsmore 5, MacQueen 2, Thompson, Temple 15, Foubister 4, Felmore and Hume 8.  
High School—Yorbes 19, Cudlip 6, Hill 2, Bissell, MacMurchie 3, and Chapman.

No Chance  
"Lessons in declamation? So you wish to go on the stage?"  
"No, but I'd like to get away with the stories I tell my wife."

## DUKE KEATS IN ICE FIGHT AND POLICE NEEDED

Chicago Centre Ice Man Tangles With Ching Johnson of Rangers

Black Hawks Badly Beaten; Pittsburgh Will Meet Montreal To-night

Two games are scheduled in the National Hockey League to-night, but only one is attracting the interest of the fans. The games will be as follows:

New York Americans vs. Ottawa, at Ottawa.  
Pittsburgh Pirates vs. Montreal, at Ottawa.

The important game will have Montreal as its venue and it depends a great deal of Pittsburgh's chances in the play-offs. The Pirates can be counted on expending every effort to land third place. A win to-night will give them a two-point lead on Detroit. The final games of the schedule will be played on Saturday night. They will be as follows:

Ottawa vs. Canadiens at Montreal.  
Montreal vs. Toronto at Toronto.  
New York Rangers vs. Pittsburgh at Pittsburgh.  
Boston vs. Detroit at Detroit.

Chicago, March 22.—The New York Rangers won an easy victory here last night defeating the Black Hawks, 6-1. The first period was even, but from then on the Rangers assumed the aggressive and quickly piled up the winning tally. Boucher scored three of the Rangers' goals, and the cook brothers one each. Murdoch scored the other, and Wentworth notched the only Black Hawk counter.

It was the last of the season for the Black Hawks, who have won but seven contests.  
Ching Johnson, Ranger defence star, and Duke Keats, Black Hawk centre, were the participants in the fight which was precipitated when they collided in a fast play. They were separated only after the players, referee and the police intervened.

### BOUCHER GETS THREE

At the end of the first period Boucher had one goal to his credit and he added another in each of the two periods. It helped him push his way close to the top of the individual scoring averages. The two Cook boys, as usual, got a goal apiece.

The game had no bearing upon the league standing. The Rangers advanced two points closer to the Boston Bruins, but the Bruins were not playing. The teams were as follows:

Chicago ..... Goal ..... Rangers  
Gardner ..... Defence ..... Chalmers  
Taylor ..... Defence ..... Johnson  
Wentworth ..... Defence ..... Boucher  
Keats ..... Centre ..... Boucher  
Arbour ..... Wing ..... Bill Cook  
Dye ..... Wing ..... Bill Cook  
McVeigh ..... Sub ..... Thompson  
Moran ..... Sub ..... Murdoch  
Miller ..... Sub ..... Gray  
Hoffinger ..... Sub ..... Bourgauff  
Referee—Zink and Brett.

**SUMMARY**  
First period—1, Rangers, Boucher, 11:30; 2, Chicago, Wentworth, 4:20.  
Second period—3, Rangers, Bill Cook, 5:20; 4, Rangers, Boucher, 7:30; 5, Rangers, Bill Cook, 5:10.  
Third period—4, Rangers, Boucher, 1:15; 7, Rangers, Murdoch, 1:30.  
**PENALTIES**  
First period—Wentworth, Miller, Taylor, Bourgauff, Keats (2), Miller, Hoffinger, Bourgauff, Keats (2), Keats, Miller, Bill Cook, Johnson (major) and Keats (double major).

### Annual Meeting Of Cricket Body

On Friday evening, March 30, the annual meeting of the British Columbia Cricket Association will be held in the sports room of the Vancouver Province building at 8 o'clock. Election of officers and a discussion of plans for the coming season will be the business for the evening.

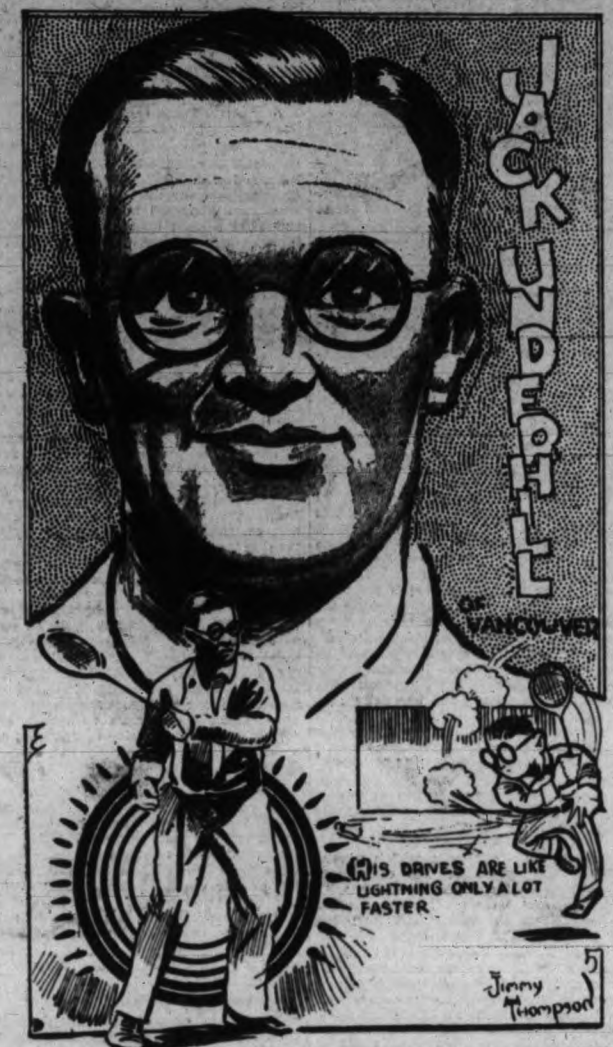

### McDUFFER

By BARRIE PAYNE  
AS CHAIRMAN OF THE GREENS COMMITTEE BOB SMITH HAS A RIGHT TO STICK UP HIS PLACE. HE WANTS TO, SO HE CARRIES A "GROUND UNDER REPAIR" SIGN IN HIS BAG AND EVERY TIME HE GETS A BAD LIE HE STICKS THIS SIGN IN THE GROUND BESIDE HIS BALL AND LIFTS WITH NO PENALTY! IT'S AGAINST THE LAW TO SHOOT PEOPLE LIKE THAT—FOOTY LAWS WE'VE GOT IN THIS COUNTRY!

While Cronick, who has work up from fifth to third place in lap time, in the course of the last few laps, and Granville, now holding eighth place, about fifteen hours behind Souminen, are the only Canadians within striking distance of the money, several other Dominion runners still are in the race. These include George Lieberberg, Belle-

ue, Alta.; Henry S. Waber, Yorktown, Ont.; A. Constantino, Toronto; Harold McNutt, Alberta; Eugene Germaine, Montreal, and S. Stevens, Alberta.  
**Many Entries Being Received For Hoop Knockout Series**  
Star Local Basketball Teams Will Compete in Y.M.C.A. Tournament  
Entries are being received daily at the Y.M.C.A. for the "A" and "B" Sections of the Hoop Knockout Series. The Y.M.C.A. Cup and a good set of medals will be at stake in the "A" Section, and last year's winners, Jordan River "A," have already entered the contest along with the Canadian Puget Sound Lumber Team. Entries are expected from the Normal School, Duncan, Onwagosa and Hillebrand.  
The Jordan River "B" Team were successful in gaining possession of the beautiful B.C. Electric Railway Trophy last year and will defend their laurels. The Canadian Puget Sound Lumber "B" Team, James Island and West Road are also entered.  
Entries will close Saturday evening at 6 o'clock and any team wishing to enter either section of the knockout must notify H. S. Hamill, care of the Y.M.C.A., in writing before that time.

## Vancouver Claims Him—By Jimmy Thompson

Badminton, that most sociable of sports, is spreading through the Dominion like an attack of measles. On the Pacific Coast there is a flourishing colony of badmintonites, and when the Vancouver team goes East to compete in the Canadian championships, as it did this month, it usually manages to win. This year, thanks to Jack Underhill, it came more home than the J. K. L. Ross Challenge Cup, emblematic of victory in the men's singles. Mr. Underhill was supported by a trio of players scarcely less effective than himself, for Miss Eileen George of Vancouver reached the finals of the ladies' singles only to be beaten by Mrs. E. F. Coke of Toronto, while Miss George with Mr. Underhill, reached the finals of the men's doubles; and Miss George with Mr. Underhill, were in the mixed doubles finals. And should anyone think badminton a leisurely game, let us say that the title match between Underhill and Jack Purcell of Toronto, was one of the finest and most thrilling displays of speed, brain-work and staying power that we've ever witnessed in any line of sport.

## Only Ninety-six Men Left In Hoofing Race

Three More Drop Out; Runners Are Now 651.8 Miles Along on Their Transcontinental Grind; Arne Souminen, of Detroit, Holds Lead at Present, Being Three Hours Ahead of Payne, of Oklahoma and Cronick, of Saskatoon

Navajo, Ariz., March 22.—Arne Souminen, of Detroit, led in elapsed time again to-day as the runners in the Los Angeles-to-New York marathon lined up for a thirty-three-mile jaunt to Lupton, Arizona.

Souminen covered the 31.8 miles from Holbrook to Navajo yesterday in 6 hours 49 minutes 55 seconds, trailing Ed. Gardner, the Seattle negro runner, by more than eight minutes.

Andrew Payne, of Claremore, Oklahoma, who relinquished the lead to Souminen Tuesday when he suffered an attack of tonsillitis, managed to retain second place at the end of the 651.8-mile route, but he required nearly eight hours for the trip from Holbrook.

The leading contestants finished in the following order yesterday:  
Arne Souminen, Detroit, 6:49:55.  
Ed. Gardner, Seattle, 7:17:30.  
Olli Wintanen, Detroit, 8:55.  
Peter Gavuzzi, Southampton, Eng., 7:01.  
Voight Houfaster, Maistee, Mich., 7:15:10.  
Earl Dilks, Newcastle, Pa., 7:17:30.  
John Vierre, Alameda, Cal., 7:44:10.  
John Cronick, Saskatoon, Sask., 7:44:50.  
William Busch, Boston, 7:52:30.  
William Kerr, Minneapolis, 7:58:20.  
Elapsed time of the leaders announced here last night follows:  
Souminen 112:50:45.  
Payne 115:15:45.  
Cronick 115:50:45.  
Gavuzzi 117:44:41.  
Houfaster 122:55:35.  
Nestor Erickson, Port Chester, N.Y., 124:30:37.  
Gardner, Seattle, 126:19:36.  
Philip Granville, Hamilton, Ont., 127:04:50.  
John Salo, Passaic, N.J., 131:57:34.  
Earl Dilks, Newcastle, Pa., 135:14:15.  
Louis Perella, Albany, N.Y., 136:09:48.  
Joseph Wilson, Oakland, Cal., 137:36:51.  
Henry Sabey, York, Ont., 139:03:38.  
A. Constantino, Toronto, 139:55:09.  
Giacomo Carlizzo, Chicago; Herbert Tiedcke, Hollywood, and Harry Chestham, Los Angeles, withdrew when the runners left Holbrook, Tuesday, leaving ninety-six still in the race.

While Cronick, who has work up from fifth to third place in lap time, in the course of the last few laps, and Granville, now holding eighth place, about fifteen hours behind Souminen, are the only Canadians within striking distance of the money, several other Dominion runners still are in the race. These include George Lieberberg, Belle-

ue, Alta.; Henry S. Waber, Yorktown, Ont.; A. Constantino, Toronto; Harold McNutt, Alberta; Eugene Germaine, Montreal, and S. Stevens, Alberta.

## BAKERS BEAT BAYS TO TIE UP THE SERIES

Three Clubs, Hudson's Bay, Saanich and Rennies to Playoff For Hayward Cup

Departmentals Lost Chance to Lift Cup By Losing 2-0 to League Champions

Three Wednesday League soccer teams, Rennie & Taylor's, Hudson's Bay and Saanich United will have to play off for the Hayward Cup as a result of Rennie's 2-0 victory over the Bays at the Royal Athletic Park before a fair crowd of spectators.

By winning yesterday the Bakers created a three-cornered tie for the league lead. Each of the three clubs have only lost one game apiece in this combination. The first game of the play-off may be played next week, although the teams may start the knockout competition for the McKay shield.

Although beaten the Bays put up a good fight, but their forwards passed up chance after chance to score, although Rennie should have scored more often. The Bakers scored one goal in each half.

Starting the game at a fast pace, Rennie soon had the Bays' defence working hard to keep their goal clear. Shrimpton saved two shots nicely and attempted to get his team away on the attack, but Rennie's half-back line, strengthened by the addition of Stan Wright, worked well together, blocking all attempts to get through on the part of the Bays' forwards.

### A SOFT GOAL

Rennie's first goal was kind of a soft one, Shrimpton pulling the ball into his own net. Shooting from left wing, Davis drove the ball high and Shrimpton, in attempting to stop the shot, let the ball get away from him. The Bays' world hard, but their plays lacked finish, with the result that Rennie's backs had no trouble keeping their goal clear. Fish put a nice shot over the bar while a few minutes later Tuppman saved a certain goal by hooking the ball out of the corner of the goal while Lomas, the goalie, was out of his net. It was a lucky break for Rennie. Shortly before time Davis missed an open goal by driving the ball wide.

For the first fifteen minutes of the second half the Bays and the Hawks were both helpless when it came to scoring goals. Their wing men were especially weak, and throughout the whole game there was hardly a good centre driven across the Rennie's goal.

### SPEAK SCORES SECOND

Cyril Speak sewed up the game for the Bakers by kicking the ball past the Hawks' defence. One of the backs, misjudged the ball in attempting to head it out. For the remainder of the game play was rather ragged, with neither team displaying much class. P. O. Kerr refereed, and the teams were as follows:

Rennie & Taylor—Lomas, Tuppman, Newman, Stewart, Wright, Rutledge, Davis, Hay, Speak, Purdy and Taylor.  
Hudson's Bay—Shrimpton, Hagen, Gardner, Oakman, Woodley, Kerchin, Collier, Mair, King, Fish and Playfair.

## Gamblers Caught Framing Six-day Berlin Bike Race

Berlin, March 22.—Berlin's twentieth six-day bicycle race, which ended March 15, has had a sensational sequel in the revelation that the three leading teams were found guilty by the League of German Bicycle Riders of "selling out" to a betting ring less than six hours before the race ended.

As an outgrowth of an investigation held by the league, Peter Van Kempen, the German veteran, was barred from all German tracks for one year. His teammate, Richlin, a Swiss, was deposed of his license for three months, while the winning Berlin team of Emmer and Koraschel, were fined 1,000 marks and were barred from future races for two months. Another German entry, that of Tietz and Richter, who finished second, also were found guilty of complicity in throwing the race.

## Manitoba Varsity Will Play Montreal Vics In First Game Saturday

Western and Eastern Amateur Hockey Champions to Engage in Best Two-out-of-Three Game Series for Allan Cup and Dominion Championship on Ottawa Ice; Kitchener Badly Beaten by Vics in Final; Regina Juniors Beat Ottawa 4-3, Howard March Starring With Four Goals

Montreal, March 22.—Victorias, of Montreal, and University of Manitoba, of Winnipeg, will meet in the final series for the Allan Cup, emblematic of the senior amateur hockey supremacy of Canada, in a best two-out-of-three-games series, starting in Ottawa next Saturday.

Victorias won their way to the Dominion final by disposing of Kitchener, Ontario champions, by 8-2 in the second of the two-game eastern final series at the Forum last night. A. Victorias won the first game played in Toronto Monday night by 2-1, thus taking the round 10-3.

The Manitoba champions disposed of Trail, B.C. champions, in the semi-finals. A great series is expected between Varsity and Victorias. This is the second year in succession that a college team has appeared in the finals of the Allan Cup competition. Last year the Toronto Varsity Grange defeated Port William in a keen series. Manitoba Varsity are highly touted this season, but they can count on a tough assignment in the Montreal team.

**FAR SUPERIOR**  
In the game last night Victorias were far superior to the slow-skating Kitchener squad, the locals skating rings around the opposition at all stages. The greenshirts were bewildered by the speed and dash of the Quebec titleholders, and could do nothing right, either on the offensive or defensive.

Vics scored two goals in the first period and by the time the second period was five minutes old, had convinced the ten thousand fans present in the Forum that they were the superior team over the opposition from Ontario.

**AN AVALANCHE**  
In the second period Vics scored six goals against a lone scoring effort by the greenshirts. In the final frame, the local squad eased off, and the visitors notched the lone tally of the period, beating Cockburn when he took a pass from Heller inside a weakened local defence.

Shearer was in the penalty box at the time, about a major for having thrown his stick a few moments previously, when Shearer was set to shoot on goal.

The visitors' other goal, scored by Molson in the second frame, was also scored when Shearer was in the penalty box. Grant counted four of the Vics goals while Cockburn got two. Thompson and Valois got one apiece.

Ten thousand fans saw the game. The lineups were as follows:

Kitchener ..... Goal ..... Victorias  
Barnes ..... Defence ..... Cockburn  
Schneider ..... Defence ..... Slater  
Seargeant ..... Defence ..... Abbott  
Molson ..... Centre ..... Shearer  
Roth ..... Wing ..... Thompson  
Farrell ..... Sub ..... Valois  
Farrell ..... Sub ..... Grant  
Referee—Lou Marsh.

**SUMMARY**  
First period—1, Victorias, Abbott, 2:30; 2, Victorias, Grant, 3:30.  
Second period—3, Victorias, Grant, 2:50; 4, Victorias, Abbott, 2:50; 5, Victorias, Valois, 4:10; 6, Kitchener, Molson, 4:10; 7, Victorias, Grant, 3:38; 8, Victorias, Grant, 2:50; 9, Victorias, Thompson, 2:10.  
Third period—10, Kitchener, Seargeant, 2:50.

### PENALTIES

First period—Shearer, Seargeant.  
Second period—Shearer (2), Valois.  
Third period—Shearer (major), Schneider.

Toronto, March 22.—Ottawa Gunners chopped, swung and body-checked last night in a valiant attempt to stop the flying Regina Monarchs in the first game of the Memorial Cup finals here, but the little wings of the West emerged victorious from one of the most grueling and exciting struggles ever seen here on the long end of a 4-3 score.

One of the main factors in Ottawa's defeat was the play of Howard March, who turned in one of the most finished performances ever seen here, and topped off his sterling defensive play by scoring all four of his team's goals.

The Gunners were given a rousing tussle, and as a matter of fact when Ottawa finally did stop roughing it, and tore in, they scored two goals in less than the three minutes remaining of the game.

**SPECTACULAR**  
In spite of the rough play there were many thrilling moments, and it is doubtful if there were sixty minutes of hockey providing more thrills, spills and excitement than during last night's fray.

Regina opened the campaign by firing the first shot on goal, scoring the first tally and getting the initial penalty. Gunners outplayed the Monarchs in this session and the crowd received a distinct shock for the Regina squad were heavy favorites.

Armstrong tied it up shortly after the second period started, with March getting three and four in the third, and it seemed all up with the Gunners. They were visibly tired from the heavy going and the string of penalties left a sore toll as the remaining players had to redouble their efforts.

With less than three minutes to go and part of the crowd making for the exits, Gunners threw all they had into a last attack. Howe went down alone and drilled a fast one past Lansford. Twenty seconds later he repeated the play coming so fast that few realized what had happened. There was an argument, but the officials ruled in favor of Gunners just the the game ended.

More than 8,000 fans witnessed the game. The teams were as follows:

Regina ..... Goal ..... Ottawa  
Lansford ..... Defence ..... M. Peterkin  
Armstrong ..... Defence ..... Moloney  
Bergl ..... Defence ..... Armstrong  
Dowle ..... Centre ..... Murphy  
March ..... Wing ..... G. Peterkin  
Lockman ..... Wing ..... Taylor  
Williamson ..... Wing ..... Quinn  
Farrow ..... Sub ..... Howe  
Referee—Devlin, Kingston, and Keane, Winnipeg.

**SUMMARY**  
First period—1, Regina, March, 11:22.  
Second period—2, Ottawa, Armstrong, 2:22; 3, Regina, March, 11:13.  
Third period—4, Regina, March, 5:53; 5, Regina, March, 2:22; 6, Ottawa, Howe, 10:14; 7, Ottawa, Howe, 2:25.

**PENALTIES**  
First period—Armstrong, Williamson, Howe, Moloney, Atchener, Murphy, Bergl.  
Second period—Williamson, G. Peterkin (2), March, Bergl, Dowle.  
Third period—Atchener, Armstrong, G. Peterkin (2), Howe, Shaw, Williamson.

Winnipeg, Man., March 22.—Manitoba University, Western Canada's amateur hockey champions, were given a rousing send off at Canadian Pacific Railway station here last night before leaving for Ottawa to meet the Montreal Victorias in the Allan Cup finals. Practically the entire student body invaded the depot fully an hour before train time, headed by the university band and cheer leaders. Among those going East were: Walter Robertson, Hughes, coach; Walter Robertson, trainer; S. Will Adamson, manager; Prof. O. T. Anderson, chairman of the varsity athletic body, and G. Evans, Manitoba representative. The following players were in the party: Art Puttee, Ward McVey, Guy Williamson, Balke Watson, C. Blair, Gordon McKenzie, Leo Collin, Jack St. John, Fiddcock and Ward Turvey.

### B.C. Net Tourney To Open Here On Last Monday July

Several Important Tennis Events Will Be Held This Summer in Vancouver

Seattle, March 22.—Vancouver, B.C., will be the centre of Pacific Northwest tennis activity this year, it was disclosed when the Pacific Northwest Lawn Tennis Association's programme was released yesterday by President Henry S. Gray of Portland.

The season starts June 25, with the concurrent runnings of the British Columbia clay court championship and the Northwest sectional championships at the Jericho Lawn Tennis Club, Vancouver. The Western Canadian championship is likewise set for the British Columbia Club.

**EXPECT MANY CALIFORNIANS**  
Centring of events at Vancouver is expected to bring a larger invasion than usual from California and heavy delegations from Washington and Oregon.

The tournament list, subject to the sanction of the United States Lawn Tennis Association, is as follows:

June 25 to 30—British Columbia clay court championships; Northwest sectional championships (closed); Pacific Northwest boys' and junior championships (closed) at Jericho Lawn Tennis Club, Vancouver, B.C.

July 2 to 7—Oregon State championships at Irvington Club, Portland.

July 9 to 14—Pacific Northwest championships at Tacoma Lawn Tennis Club, Tacoma.

July 16 to 21—Washington State championships at Seattle Tennis Club, Seattle.

July 23 to 28—Western Canadian championships at Vancouver Lawn Tennis Club, Vancouver.

July 30 to August 5—Championships of British Columbia at Victoria Lawn Tennis Club, Victoria.

September 3 to 8—Yakima Valley championships at Yakima.

**Famous Old Country Bowler Visits Here**  
Sir George Hoyle, a member of the British bowling team, which recently toured Canada and the played in California, arrived in the city yesterday with Lady Hoyle for a short visit prior to leaving for the Old Country. He is a guest at the Dominion Hotel.

## HORSE RACING

Tia Juana, March 22.—Favorites captured every event on the card yesterday. True Boy, who placed in the seventh race, paid \$22.40, the best price of the day.

The results were as follows:  
First race, four and one-half furlongs—Daphne Belle, \$3.80, \$3.20, \$2.20; Love Charm, \$4.40, \$2.40; Black Darling, \$2.20. Time, 2:4 3-5.

Second race, six furlongs—First Mission, \$4, \$4, \$3; Concessio Belle, \$3.40, \$3.40, \$2.40; Little Stout, \$3.20. Time, 1:14 2-5.

Third race, one mile and one-sixteenth—Flying Chief, \$4.40, \$4, \$3.40; Galloping Joe, \$19, \$17.60; Jola Shot, \$10.40. Time, 1:45 2-5.

Fourth race, six furlongs—Fetiching, \$7, \$3.60, \$2.40; Captain Guard, \$6.20, \$3.20; Kaliko, \$3.60. Time, 1:14 1-5.

Fifth race, six furlongs—Invictus, \$4.80, \$3, \$2.40; Concession, \$7.40, \$4.80; Queen Bee, \$3.20. Time, 1:13 4-5.

Sixth race, six furlongs—Pinto, \$9.80, \$4, \$3; Dr. Crabtree, \$3, \$2.80; Peep O, \$3.80. Time, 1:14 1-5.

Seventh race, one mile and one-sixteenth—Raymondale, \$7.20, \$4.20, \$3.40; True Boy, \$22.40, \$5.60; Tanist, \$2.80. Time, 1:47.

## Tunney Will Be Good Boy and Fight, But No One Knows Who

Miami Beach, Fla., March 22.—Gene Tunney yesterday filed formal notice with the New York State Athletic Commission that he has arranged a defense of the heavyweight title. His telegram, directed to Bert Strand, secretary of the commission, was in answer to one received this week in which the commission wanted to know what the champion was going to do about the challenges now in his hands.

Eight race, one mile and seventy yards—Canaque, \$10.80, \$6.80, \$3.40; Scotsman, \$10, \$3.80; Almgren, \$3. Time, 1:46.

Ninth race, five furlongs—Time Exposure, \$5.60, \$4.20, \$3; Maghey, \$10.20, \$8; Kanawha, \$3.80. Time, 1:01.

Tenth race, six furlongs—Fetiching, \$7, \$3.60, \$2.40; Captain Guard, \$6.20, \$3.20; Kaliko, \$3.60. Time, 1:14 1-5.

Eleventh race, six furlongs—Invictus, \$4.80, \$3, \$2.40; Concession, \$7.40, \$4.80; Queen Bee, \$3.20. Time, 1:13 4-5.

Twelfth race, six furlongs—Pinto, \$9.80, \$4, \$3; Dr. Crabtree, \$3, \$2.80; Peep O, \$3.80. Time, 1:14 1-5.

Thirteenth race, one mile and one-sixteenth—Raymondale, \$7.20, \$4.20, \$3.40; True Boy, \$22.40, \$5.60; Tanist, \$2.80. Time, 1:47.

Fourteenth race, six furlongs—Fetiching, \$7, \$3.60, \$2.40; Captain Guard, \$6.20, \$3.20; Kaliko, \$3.60. Time, 1:14 1-5.

Fifteenth race, six furlongs—Invictus, \$4.80, \$3, \$2.40; Concession, \$7.40, \$4.80; Queen Bee, \$3.20. Time, 1:13 4-5.

Sixteenth race, six furlongs—Pinto, \$9.80, \$4, \$3; Dr. Crabtree, \$3, \$2.80; Peep O, \$3.80. Time, 1:14 1-5.

Seventeenth race, one mile and one-sixteenth—Raymondale, \$7.20, \$4.20, \$3.40; True Boy, \$22.40, \$5.60; Tanist, \$2.80. Time, 1:47.

Eighteenth race, six furlongs—Fetiching, \$7, \$3.60, \$2.40; Captain Guard, \$6.20, \$3.20; Kaliko, \$3.60. Time, 1:14 1-5.

Nineteenth race, six furlongs—Invictus, \$4.80, \$3, \$2.40; Concession, \$7.40, \$4.80; Queen Bee, \$3.20. Time, 1:13 4-5.

Twenty-ninth race, one mile and one-sixteenth—Raymondale, \$7.20, \$4.20, \$3.40; True Boy, \$22.40, \$5.60; Tanist, \$2.80. Time, 1:47.

Thirtieth race, six furlongs—Fetiching, \$7, \$3.60, \$2.40; Captain Guard, \$6.20, \$3.20; Kaliko, \$3.60. Time, 1:14 1-5.

Thirty-first race, six furlongs—Invictus, \$4.80, \$3, \$2.40; Concession, \$7.40, \$4.80; Queen Bee, \$3.20. Time, 1:13 4-5.

Thirty-second race, six furlongs—Pinto, \$9.80, \$4, \$3; Dr. Crabtree, \$3, \$2.80; Peep O, \$3.80. Time, 1:14 1-5.

## Governor Upholds Action of Board In Barring Stable

Barring of Harry F. Sinclair's Horses From Maryland Tracks Draws Fire

Baltimore, Md., March 22.—Action of the Maryland racing commission in barring the horses of Harry F. Sinclair, all magnate, because of his connection with the Teapot Dome oil scandal, met with the fire of Galen L. Tait, chairman of the Republican state central committee last night, when he announced the contents of a letter he had sent to Governor Ritchie.

Questioning the governor as to whether the state racing commission will "permit only those horses to race whose owners' moral characters have been found satisfactory to you and it," Mr. Tait, who is generally regarded as a Republican leader of Maryland, characterized the commission's action as an "artifice" designed to overshadow recent state scandals which were disclosed with a \$40,000 shortage in state road funds.

Annapolis, Md., March 22.—Supporting the action of the Maryland racing commission in barring the horses of Harry F. Sinclair, Governor Ritchie announced last night that he believed it was the commission's duty to "keep racing on a clean and high plane," in the state, despite criticisms which may arise from the move.

The governor asserted that he would not reply to a letter addressed to him by Glen L. Tait, Maryland Republican leader, adding that he believed it has been written for unpatriotic political effect.

## Brooklyn Shows New Faces With Bancroft As Key To Club's Success

WERE GOING TO SEE A LOT OF EACH OTHER THIS SUMMER, DARLING!

Clearwater, Fla., March 22.—The ferocious rotters of Brooklyn should have plenty of new faces at whom they can hurl epithets when the Robins return north to open the 1928 baseball season.

With the exception of the pitching staff, where he is abundantly fortified, Wilbert Robinson, the portly manager, will do much experimenting before he is satisfied.

Brooklyn's infield comes in for one of the greatest alterations ever witnessed on a major league club. Three positions are slated for new occupants.

"Dave Bancroft gives us just the right steadying effect around second base, and if Harry Riconda and Del Blonstone play the game they are capable of, Brooklyn will have the best infield since I have been running this club," Robinson says.

"Bancroft was an early arrival at Clearwater. He has given attention to mapping out plays with Second Base man Jimmy Parkridge and is eager for work, just that managerial responsibility.

Blonstone has been lifted from his shoulders. The early form of Blonstone, highly touted first baseman who had a great year with Buffalo in the International League last season, has been very impressive. He seems to have that position rather well sewed up, with Babe Herman being ready to step in when something goes wrong.

Riconda, at third, has also shown nicely and will probably start the season there. Riconda is no newcomer to the majors, having previously put in time with the Athletics and the Boston Red Sox.

"Pitching, as usual, is the least of Uncle Wilbert's worries. Thirteen hurlers are in camp, the majority of them veterans.

Vance, Petty, McWeeny, Ehrhardt, Doak and Elliott figure to be the first string men with Ray Moss of Memphis and Louis Koupel of Indianapolis being the two recruits who are more than likely to stick.

"Daddy" Vance has been practicing diligently every day. He pitched three innings in an early practice game and for one inning a day let out some of his "hard" ones. Needless to say this was very annoying to the late-coming squad of infielders and outfielders.

This may be Bill Doak's last year of major league ball, but he says he should be good for a dozen wins this year if his supply of slippery elm holds out. Petty and McWeeny are also counted on for good work in the coming campaign.

The outfield will probably be manned by Capt. Max Carey, Albert Tyson, former Giant, late of Buffalo, and Babe Herman, provided the latter's services are not required at first base.

On leaving the camp, one is reminded by Uncle Robbie that his team always makes a pennant start during presidential years. "We copped in 1916, won again in 1920 and were just edged out by the Giants in 1924," says the genial Mr. Robinson. "If we get the right amount of hitting, maybe we'll choose to run in 1928."

St. Petersburg, Fla., March 22.—Lester Bell, Cardinal third baseman obtained by the Boston Braves for Andy High and an unannounced sum of money, may not have been the star of yesterday's Yanks-Braves game, in which he wore a Boston uniform for the first time, but he did his bit. He had only one chance in the field and that he handled perfectly. His hitting was confined to a long double in the ninth. Rogers Hornsby, the Braves' other St. Louis star, drove in a tying run in the sixth inning that failed, however, to keep the Yankees from romping away with the 8-2 game.

Avon Park, March 22.—Andy High, who traded berths with Lester Bell, came to the Cardinals and found they planned to use him as a utility man. But Andy, who has been playing third base with the Boston Braves said he would put up a fight to "play regular" and is going out for regular berth.

Batteries—Sullivan, Subbell, Sorrell and Shea, Hargrave, Newman, Hinkle and Myers.

Winterhaven, Fla., March 22.—"Chicken" Hawks, former Philadelphia National League first baseman, gave the Reading International a 2-to-1 victory over his old teammates yesterday when he lined out a double in the ninth inning that sent Everett Scott, former American League star, home with the winning run.

Wichita Falls, Tex., March 22.—Eulogio "Speed" Luque, San Francisco semipro, triumphed over Philadelphia Athletics for the second time this Spring yesterday, rolling up a 10-2 score and thrumming through young batters.

The score—R. H. E. Philadelphia..... 3 6 1 Baltimore..... 10 12 0 Batteries—Luque, Connolly, Berg, Payne, Estelle and Lapham.

Auburndale, Fla., March 22.—The Baltimore Orioles, in the International League, triumphed over Philadelphia Athletics for the second time this Spring yesterday, rolling up a 10-2 score and thrumming through young batters.

The score—R. H. E. Philadelphia..... 3 6 1 Baltimore..... 10 12 0 Batteries—Luque, Connolly, Berg, Payne, Estelle and Lapham.

Fredericksburg, Tex., March 22.—With the San Antonio Bears leading 1-0 in the seventh inning, Dutch Holland stepped to the plate with the bases full

and drove out a home run to start Detroit on its way to victory with final score of 10-1. Hargrave had a perfect day at the bat with two singles and a home run in three times up.

The score—R. H. E. Detroit..... 10 12 3 St. Antonio..... 1 6 2 Batteries—Sullivan, Subbell, Sorrell and Shea, Hargrave, Newman, Hinkle and Myers.

Winterhaven, Fla., March 22.—"Chicken" Hawks, former Philadelphia National League first baseman, gave the Reading International a 2-to-1 victory over his old teammates yesterday when he lined out a double in the ninth inning that sent Everett Scott, former American League star, home with the winning run.

Wichita Falls, Tex., March 22.—Eulogio "Speed" Luque, San Francisco semipro, triumphed over Philadelphia Athletics for the second time this Spring yesterday, rolling up a 10-2 score and thrumming through young batters.

The score—R. H. E. Philadelphia..... 3 6 1 Baltimore..... 10 12 0 Batteries—Luque, Connolly, Berg, Payne, Estelle and Lapham.

Auburndale, Fla., March 22.—The Baltimore Orioles, in the International League, triumphed over Philadelphia Athletics for the second time this Spring yesterday, rolling up a 10-2 score and thrumming through young batters.

## ELK LAKE MAY BE SUBDIVIDED

City and Saanich Councils to Consider Joint Application For Release

Gorge, Mount Douglas and Other Parks Considered By Committee

The final disposition of the Elk Lake watershed, unused for its original purpose now, will be discussed by representatives of the City and Saanich councils in the near future. The Victoria-Saanich beaches and parks committee yesterday covered this and joint problems of the two municipalities before returning after an all-day tour of the properties controlled by the committee.

It is suggested that certain portions of Elk Lake watershed property be reserved for park purposes, and that the balance be subdivided, and the necessary permission has been secured. Saanich may join the city in the application to the proper authorities for a release of the ground from waterworks purposes, it was stated.

Saanich delegates on the committee declined to add the Gorge Park to the string of playgrounds controlled jointly, but conceded an additional contribution to its upkeep by way of assuming the salary of a caretaker employed at the bathing house.

Mount Douglas Park will be improved to the extent of \$400, to be spent on trails. One of the trails may be widened to form a loop for motor-approaching from the south and leaving east on the hill.

Memorial Avenue was neglected, considered the committee, urging collection of additional funds to keep the Avenue in a fitting manner, and to extend the boulevarding.

The committee, with engineers, traversed the flying field at Lansdowne Road, with a view to determining how it could be drained, but took no action when it developed that the subject was one that would require additional technical advice in respect to the overflow into Bowker Creek.

Those taking part in the tour include Mayor J. C. Pendray and Aldermen William Marchant, John Worthington, and John Harvey for the city; and Reeve William Crouch, with Councilors G. F. Watson, Hazen and Borden for Saanich. R. R. F. Sewell, John Baxter and G. I. Warren completed the party.

## LAUNDRY CONTEST WINNERS ANNOUNCED

The following information which should be of interest to those Victorians who sent in letters to the laundryowners of America, after the writing contest, "Why the laundry"

## IT'S NOT HARD TO GROW THIN

People all about you can testify to that. Most of the slender figures seen today have been won in easy ways. Many have been won by Marmola's prescription tablets, based on a modern scientific discovery. People have used Marmola's for 20 years—millions of boxes of it. Now slender figures in almost every circle, show what Marmola does.

A book in each box of Marmola's gives the formula and states the scientific reasons for results. So users realize how and why effects are beneficial. A way which has done so much for so many deserves a test from you. Make it now, watch the results for a little while, then decide. Ask your druggist today for a 40 box of Marmola's.

## Women Approaching Middle Life

Find "Fruit-a-tives" of Great Benefit

MRS. O. GODIN

Paquetville, N.B.—"I am giving this testimonial, hoping it will benefit every woman suffering as I did at the change of life. I was obliged to go to bed, had terrible dizziness and felt extremely weak. 'Fruit-a-tives' were really a God-send to me. Now I am in perfect health."

—Mrs. Onesime Godin.  
This stage of life taken heavy toll of woman's health unless stomach, kidneys and bowels are in first-class condition. "Fruit-a-tives", in a natural, gentle way, keeps the whole system toned up to withstand this trying experience. Made from the intensified juices of ripe, fresh fruit and health-building tonics. 25c and 50c a box at all druggists. (Adv.)

should do my washing," was given out to-day during an interview with W. F. Pinford, president of the New Method Laundries Limited of Victoria. First prize of \$10,000. Mrs. A. W. Thomas, Milwaukee, Wis.; second prize of \$5,000. Mrs. Clyde Watt, Midwest, Wyoming; third prize of \$2,000. Mrs. M. Dunnigan, Portland, Oregon. Ten Canadians won prizes ranging from \$225 down to \$5, among whom were Mrs. E. P. Bremner of Vancouver, who received \$125, and James A. Gibson of Victoria, who won \$35.

Twelve thousand contestants received honorable mention out of a total of 1,044,272 letters which were sent in to the contest.

The contest was the most successful ever put on by any organization, and continent-wide interest was evinced by the huge deluge of over 1,000,000 letters. The tremendous task of judging all these letters required the services of many minds and took many weeks longer than was anticipated.

The Laundryowners National Association of United States and Canada, who sponsored the competition, are highly pleased with the interest taken by the women of America with the laundry industry. This industry is rapidly assuming a large place in the laundry of every home, and is now rated as twelfth in size of all industries in North America.

Hundreds of millions of dollars have been spent during the last ten years to equip laundries everywhere with new and modern equipment and the laundry industry to-day is keeping step with the progress of the twentieth century.

Copies of the winning letters will be displayed soon in all the leading magazines and in the local newspapers.

## MODERN YOUTH SUPERIOR

High School Girls Maintain in Interesting Debate

A unique debate was held yesterday afternoon at the Victoria High School in the Portia club. The speakers were dressed in the costumes of ladies of the early nineteenth century. The question in debate was whether the youth of 1850 was superior to that of 1928. The girls who upheld the resolution were the Misses Kathleen Meldrum and Mona MacAdoo. Those taking the negative side of the debate were Misses Elizabeth Cook and Kathleen Baker who succeeded in out-pointing their opponents.

Dorothy Allen, president of the young ladies' debating group, acted as chairman.

## Pender Island

Pender Island, March 22.—The Farmers' Institute held two very successful and instructive meetings, the first in Hope Bay Hall, where Mr. Shepherd gave an illustrated talk, and the second in Port Washington Hall, the subject being "Bull Growing," by Prof. E. St. Straight, and "Bees," by Mr. Shepherd. Both meetings were well attended and the speakers much appreciated.

James Hamilton, of the C.P.R. Coast Service, spent last week at his former home here.

Robert Rattray, of Victoria, has been spending a week with Mr. and Mrs. Richard Roe, prior to their departure for Victoria.

R. H. Auchterlonie and George Grimmer left recently to rejoin the floating fish-plant, "Graller."

Mrs. F. C. Smith and family have returned from a visit with her sister and brother-in-law, Mr. and Mrs. George E. Norris, in Victoria.

Mrs. W. B. Johnston is attending the conference branch meeting of the Women's Missionary Society in Vancouver this week.

There will be no meeting of the Parent-Teacher Association this month.

## PRAIRIE DEATH

Winnipeg, March 22.—W. H. Pares, seventy, pioneer livestock man of the prairie, died here yesterday after a long illness. He was a member of the firm of Gordon, Ironside and Pares, packers, Winnipeg, and of Lane and Pares, Calgary.

## GREYHOUND RACING OPPOSED

Halifax, Ont., March 22.—The Temiskaming Presbytery of the United Church of Canada, in session here yesterday, adopted a resolution protesting against any introduction of greyhound racing and the attendant betting, along lines similar to those existing in Great Britain. With reservations, the Presbytery was inclined to favor the prohibition of women to the ministry, but no formal resolution was introduced.

**EXAMINATION FOR THE POSITION OF ASSISTANT FOREST RANGER**

These examinations are for the purpose of filling present vacancies and to enable candidates to qualify for future vacancies and increases in staff.

Assistant Forest Rangers are employed during the first season of each year and this period is extended where possible by work on improvements, such as trails, etc. Re-appointment is made each year on the basis of satisfactory service given. Promotion to the permanent staff is made by merit and examination as occasion offers. The salary is \$100 per month. Traveling expenses are also paid.

**Qualifications for Candidates**  
Candidates must be British subjects; residents in British Columbia for at least one year; of good character; good physical condition; with good education.

They should have experience in fire fighting, possess the ability to organize work and handle men; and have knowledge of the Forest Act.

The examinations are partly written, partly oral and are designed to test the candidate's ability along the above lines. All statements made by applicants as to experience, education and fitness are subject to verification by the examining board. Preference is given to returned soldiers with the necessary qualifications.

The Examination will be held at the place and on the date named below. Each intending candidate should apply to the District Forester of his district for application forms and for information regarding the hour of the examination and the building in which it will be held. Application forms should be filled out and mailed to the District Forester in time to reach him at least six days before the examination. Apply to District Forester at Vancouver: For Vancouver, March 22. Apply to District Forester at Victoria: For Victoria, March 19.

**GOVERNMENT LIQUOR ACT—NOTICE** is hereby given that, on the 24th day of April, 1928, at 12-30 hours, the undersigned will receive applications for a license in respect of premises being part of the public house known as "The Victoria Hotel" at 3000 Road, Esquimalt District, upon the lands described as part Sections 118 and 119, Esquimalt District, Victoria Land Registration District, in the Province of British Columbia, for the sale of beer by the glass by the open bottle for consumption on the premises. Dated this 19th day of March, 1928. Mary J. Jones, Applicant.

## MOUNTAIN HOTELS READY FOR BIG TOURIST SEASON

**Banff Springs Hotel, With New Wing Complete, Opens May 15, B. Gardom States**  
**Sporty Golf Course Being Completed and New Swimming Pools Added**

In anticipation of another heavy tourist season the Canadian Pacific Railway is making provision for peak accommodation at its mountain resort hotels, according to Basil Gardom, the company's chief architect and designer of the Crystal Garden here, who has been spending a few days in Victoria inspecting interior improvements recently completed at the Stungwea Hotel. The Banff Springs Hotel, Mr. Gardom states, will this year be able to accommodate 1,000 guests with the completion of the new south wing. The new wing at Banff, which is eleven stories high and contains 244 additional rooms, will be ready for occupation by guests when the Banff Springs Hotel is opened this season on May 15.

**Realtors**

The eighteen-hole golf course at the Banff Hotel is being completely reconstructed under the supervision of Stanley Thompson, who laid out the famous course at Jasper Park. Nine holes will be available for play at Banff on May 15 and eighteen holes will be ready by September 1.

The new golf course, says Mr. Gardom, will be one of the sportiest in the country, the drive from the first tee being over the Spray River. As part of the new construction at Banff, two new swimming pools have been built.

The Lake Louise Hotel, overlooking the magnificent Lake Louise, is being prepared for the opening of the season, and will be able to accommodate more visitors this year than ever before.

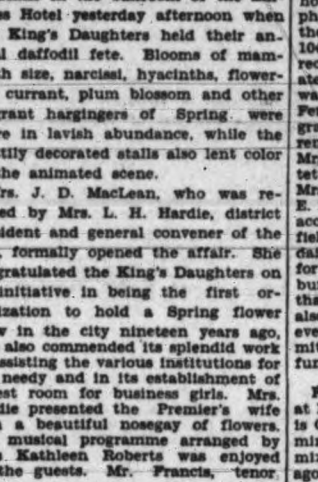

**KING'S DAUGHTERS HELD SUCCESSFUL DAFFODIL FETE**

**Mrs. J. D. MacLean Congratulates Members on Splendid Service Record**

"Daffodils—a blowing and a growing" conveyed the impression of imprisoned sunshine in the ballroom of the Empress Hotel yesterday afternoon when the King's Daughters held their annual daffodil fete. Blooms of many shades, from pale yellow to deep orange, were tastefully decorated with Spring flowers. The evening was spent in music and games. Mrs. MacLean presided over the telegraph competition. Vocal solos were rendered by Mrs. Edwards, Mrs. Lemon, Mrs. Noel and Mrs. Skett, also a quartette by Mrs. Kendall, Mrs. Hatcher, Mrs. McKenzie and Mrs. Skett. Miss E. McKenzie and Mrs. Gough were the accompanists. Little Frances Merryfield delighted the guests with her dainty dances. At 10.20 p.m. about forty guests sat down to a delicious buffet supper. A very hearty vote of thanks was tendered to the artists and also to the hostesses. The success of the evening was due to the energetic committee. The proceeds were for the hall fund.

Flints are still cut, or "knapped," at Brandon, in Norfolk; near this town is Grimes Graves, where there are flint mines and the dwellings used by the miners who worked in them 3,000 years ago.

**SIDE GLANCES—By George Clark**

numbers. Guitar, trombone, accordion, xylophone, trumpet, banjo, violin and vibraphone solos, interspersed with vocal and orchestral numbers make the half-hour a veritable variety frolic.

**MOON MAGIC**  
Music inherent with delicacy and simple appeal characterizes the Moon Magic programme broadcast through the associated stations of the NBC Pa-

**MOON MAGIC**  
cific Coast Network to-night from 9.30 to 10 o'clock.

Lingering melodies and delicate enchanting accompaniment create an atmosphere of rare beauty in this half-hour. The "Maid of the Moon," Kajetan Attil, master harpist, and the popular Arion Trio contribute their artistry to this offering.

Swins contribute fifteen cents to the average dollar produced on Wisconsin farms.

We have a number of waterfront Summer homes at Langford Lake, Prospect Lake, Deep Cove, Carleton Place, Cadboro Bay, etc., at attractive prices and very favorable terms.

**1000 BUCKS A TWO-STORY DWELLING FOR A HANDY MAN**

Here is an opportunity for someone: A 6-room 2-story dwelling, just outside the half-mile circle, in fair condition, with city conveniences. A handy man could make this place quite attractive. That the Price only ..... \$800

**AN 8-ROOM DWELLING WITH ABOUT ONE ACRE**

Situated just outside the city limits, about an acre of ground with an 8-room dwelling of the two-story type and very comfortable city conveniences. Taxes light. Price, on terms to be arranged. \$2,500 only

**B.C. LAND & INVESTMENT AGENCY**  
928 Government Street Phone 125

**SALE OR EXCHANGE**

**JOHN GREENWOOD**  
1236 Government Street

sang "Bygones" and "Out of the Dusk". Mrs. Harry Laszby sang "Thoughts Have Wings" and an encore which was much appreciated. Mrs. Styles, Schell, accompanied by Mrs. Miller, sang "Blackbird's Song" and "Lullaby". Mrs. G. H. Green, accompanied by Mrs. Green, played a cornet solo, receiving an encore; the Misses Viola and Verlie Johnston sang a duet, "Melody of June," accompanied by Mrs. Guy, giving an encore "If I Could Tell the World". To the accompaniment of Pipe-Major Cameron, Miss Nancy Ferguson delighted the guests with her clever exhibition of the Highland fling, the sword dance and the Irish jig. Pipe-Major Cameron also played several solos.

Unexpected and much enjoyed addition to the programme was a song by Miss Justine Gilbert, who sang an encore song "Rose in the Garden," one of her own charming compositions.

Prettily decorated stalls were arranged around the room, the containers at the home-made candy stall being particularly beautiful. These were sold by Mrs. Conyers, Mrs. Ferguson, Mrs. Haynes and Mrs. Russell, while Mrs. Harvey, Mrs. Perry and Mrs. Eales soon disposed of their tempting home-made cakes and other delicacies.

Dainty novelties found a ready sale at the fancy stall, which was in charge of Mrs. McElfresh, Mrs. Sharp, Miss Rogers, Miss Snow and Mrs. Playfair, who acted as convener. Flowers were sold by Mrs. McFarlane, Mrs. P. C. Elliott, Miss Morley and Miss Moss.

Mrs. R. R. Watson, Mrs. W. H. Dor-man and Mrs. Kingham were in charge at the door, and Mrs. L. H. Hardie and Miss Kathleen Roberts had charge of the tea which was served in the palm court.

**THE STORY**  
In Audran's "La Poupee," Lancelot is a timid novice in a monastery, and his uncle, a Parisian gentleman who does not share Lancelot's fear of the fair sex, demands that he marry a mechanical doll, the invention of Dr. Hilarious. The good monks see a way to make a little money out of such an invention, and Lancelot is sent to Paris. Alesia, daughter of Dr. Hilarious, and the model of the doll, falls in love with the shy monk. At the wedding she takes the place of the doll, and is brought in a box to the monastery. What happens to Lancelot after he finds he has a flesh and blood wife in a monastery will be told during the broadcast.

Bringing the programme to a conclusion is the orchestral number, the brilliant French military march, "Pere De La Victoire," a duet from Victor Herbert's light opera, "The Red Mill," and the ensemble, "You're in Love."

**DODGE PROGRAMME**  
Nineteen selections will be heard in the weekly Dodge Brothers' presentation broadcast over the NBC Pacific Coast Network to-night from 9 to 9.30 o'clock.

Opening with the quartette singing "I Still Love You," the half-hour is replete with folk and instrumental solos, novelty, orchestral, and ensemble

**NATIONAL COMPANY WILL BROADCAST TUNEFUL OPERETTA**

**ON THE AIR**

Audran's tabloid light opera, "La Poupee," features the Calpet Hour broadcast through the stations associated with NBC Pacific Coast Network to-night from 9 to 9 o'clock.

Selections from "A Connecticut Yankee in King Arthur's Court," will be played by the orchestra as the opening number. Gordon's song, "Faraway Bella," popularized by John McCormack, and a selection, "Pistol Carib," from Audran's "La Poupee" will be the vocal numbers, which precede the light opera presentation.

The orchestral numbers include "Dance des Olives," a vigorous sword dance by the gifted composer of salon music, Földini, and the waltz from "Coppelia," a graceful waltz of typical French character and a fitting introduction to the French light opera, "La Poupee."

**THE STORY**  
In Audran's "La Poupee," Lancelot is a timid novice in a monastery, and his uncle, a Parisian gentleman who does not share Lancelot's fear of the fair sex, demands that he marry a mechanical doll, the invention of Dr. Hilarious. The good monks see a way to make a little money out of such an invention, and Lancelot is sent to Paris. Alesia, daughter of Dr. Hilarious, and the model of the doll, falls in love with the shy monk. At the wedding she takes the place of the doll, and is brought in a box to the monastery. What happens to Lancelot after he finds he has a flesh and blood wife in a monastery will be told during the broadcast.

Bringing the programme to a conclusion is the orchestral number, the brilliant French military march, "Pere De La Victoire," a duet from Victor Herbert's light opera, "The Red Mill," and the ensemble, "You're in Love."

**DODGE PROGRAMME**  
Nineteen selections will be heard in the weekly Dodge Brothers' presentation broadcast over the NBC Pacific Coast Network to-night from 9 to 9.30 o'clock.

Opening with the quartette singing "I Still Love You," the half-hour is replete with folk and instrumental solos, novelty, orchestral, and ensemble

numbers. Guitar, trombone, accordion, xylophone, trumpet, banjo, violin and vibraphone solos, interspersed with vocal and orchestral numbers make the half-hour a veritable variety frolic.

**MOON MAGIC**  
Music inherent with delicacy and simple appeal characterizes the Moon Magic programme broadcast through the associated stations of the NBC Pa-

cific Coast Network to-night from 9.30 to 10 o'clock.

Lingering melodies and delicate enchanting accompaniment create an atmosphere of rare beauty in this half-hour. The "Maid of the Moon," Kajetan Attil, master harpist, and the popular Arion Trio contribute their artistry to this offering.

Swins contribute fifteen cents to the average dollar produced on Wisconsin farms.

## NEWS IN BRIEF

The Esquimalt Women's Institute will hold a whist drive this evening at 8 o'clock in the Parish Hall.

An illustrated lecture on "China" will be given by Capt. A. J. Brace at Metropolitan Church Monday, March 26, 8 p.m.

H. P. Thorpe will give a lantern lecture on the Salomiki Expeditionary Force to-morrow evening at Prospect Lake School.

Leading gold medalist vocalists of the city will take part in the attractive concert to be given at St. Paul's Church to-morrow at 8 p.m.

A special meeting of the City Council is called for 7.30 p.m. to-day for the consideration of estimates. No other business will be considered at the meeting, it is stated.

On Friday at 8 p.m. "The Challenge of the Cross," and Easter musical, will be given at Metropolitan Church. Miss Dorothy Morton, George Tate and Fred Wright will be the soloists.

Rev. S. D. Chown, D.D., has been advised by his physician to take a well deserved and much needed rest, and has gone to California via way of Vancouver and Seattle for a sojourn in the South.

The annual meeting of Ward Two Sanich Cottage Gardeners' Society will be held on Wednesday, March 28, at the residence of F. Crowe, 3508 Douglas Street, at 8 p.m. All residents of the Ward interested are requested to attend.

Charged with hitting a woman, Jennie McQueen, on the head with a poker, Mass Singh, a Hindu, was arraigned before Magistrate Jay in the City Police Court this morning. He was granted bail of \$1,000 in two sureties. He was arrested last night at 10 o'clock when Detective Walter Call and Constable James Strong were called to the scene. Singh was remanded for a week.

The Times is asked by W. T. Strath, president of the Junior Chamber of Commerce, to draw to the attention of merchants and citizens that no person has yet been authorized to secure advertising material for the official May 24 celebration programme. Immediately such a contract is made advertising canvassers will be provided with written credentials over the signature of the secretary of the Junior Chamber of Commerce.

Rev. Peter Bryce, D.D., of Toronto, and Mrs. Bryce, will pass through this city on Saturday en route to California. Dr. Bryce was tendered a banquet in the Chamber of Commerce on Tuesday evening last when he spoke in glowing terms of the progress of the United Church throughout Canada, and of the great success of the maintenance and extension fund of the church of which he has special charge. This was his first visit to Victoria, and he regards the city as the most beautiful city on American continent.

To give a better idea of what the interior of the new Christ Church Cathedral will look like when finished, a drawing showing a longitudinal section has been added to the collection of photographs on exhibition this morning at David Spencer's store, Douglas Street. Several visitors from out-of-town pointed out the features of the drawing, while the donors included a family gift to which the parents and three sons had contributed money earned through working time, making neckties, selling eggs and saving "candy money."

Concluding his series of lectures last night at the Chamber of Commerce, Dr. Frank E. Dorchester emphasized chiefly the great need for physical and mental efficiency in daily life and for enforcement of emergency. The greatest asset of a nation is her people, and the condition of her people, said the doctor, pointing out what a tremendous factor physical fitness was in the recent war. Dr. Dorchester gave a remarkable exhibition of muscular control at the conclusion of his address. During the next few days Dr. Dorchester will be occupied with the teaching of a private study class, and on Sunday morning he has accepted Dr. Clem Davies' invitation to speak before the City Temple, his topic to be, "The Body—Temple of the Soul."

## AIRPORT HERE IS ADVOCATED

Sidney Pickles Tells Rotary Club Victoria Is Ideal Location

Sidney Pickles, flying expert, to-day addressed the Victoria Rotary Club at the Empress Hotel advocating establishment of Victoria as the Pacific Coast terminal airport of Canada. Mr. Pickles sketched the development of commercial flying, with German machines daily flying 20,000 miles, the United States air mail traversing 30,000 miles daily and France and Britain also rapidly developing great air mileage.

Mr. Pickles pointed out that Canada is without commercial air service and must get speedy action. Commerce with the west travel at from 100 miles to 125 miles per hour, and new machines for commercial use will attain 200 miles per hour. Speeds of 300 miles per hour have been attained by war craft, but are not the objective of commercial designers.

The necessity of an air service between Victoria and Vancouver was stressed, with the saving time such a service would offer businessmen. Victoria is ideally suited as a terminal air port, because of comparative freedom from fog, described by Mr. Pickles as the airman's worst enemy.

"Air transportation is going to do for many cities what the railway has done in the past," forecasted the speaker, believing Victoria will benefit from air services to an extent commensurate with the establishment of a commercial and passenger service in May between Victoria, Vancouver and Seattle.

He congratulated the B.C. Airways Limited upon their plans to inaugurate a commercial and passenger service in May between Victoria, Vancouver and Seattle.

Mr. Pickles stated that establishment of an airport in Victoria has already attracted a number of tourists and at 10 o'clock to-morrow morning a Ryan machine is expected to land at the Shelbourne Street flying field.

He told of difficulties already experienced by cities which have rushed into provision of airport without forethought as to the suitability of the locations. Mr. Pickles believed the seventy-seven-acre flying field now in use in this city will force too small in a few years and forecasted the need of a 500-acre field in the near future.

Mayor Penderay said Victoria City now has the right to acquire property for, or give to, the aviation authorities, and the City Council was greatly interested. "We feel that we have some advantages and are doing all we can to bring this project to the attention of the authorities at Ottawa," he said.

CHANGES BY LAWS

Changes in the by-laws of the club were adopted, to provide that new officers be elected on July 1 instead of May 1, and reorganizing the working committee.

The Victoria Rotary Club now holds fourth place in the northwest district, among clubs having over 100 members, President Fletcher stated.

CONVENTION "STUNT"

Percy Scurren announced that Victoria Rotarians will provide the programme at one of the luncheons of the Northwest Rotary Convention in April at Seattle. Preparation of a tabloid burlesque of "H.M.S. Pinafore" is in progress for the occasion.

EASTER SERVICE

Rev. M. W. J. Bruce invited the Rotarians to attend the Easter Sunday evening service at St. John's Church. The attendance was estimated by an unusually numerous contingent of Rotarians from Prairie clubs.

Mrs. Arthur Dowell, accompanied by Mrs. Matthews, rendered a group of soprano solos.

## FUNERAL OF MRS. WATSON MONDAY

Funeral services for the late Mrs. Christina Darling Watson, wife of Thomas Watson, 1777 Bay Street, will be held on Monday, the cortege leaving the B.C. Funeral Chapel at 2 o'clock for St. Barnabas Church, where Rev. N. E. Smith will conduct the services. Interment will be made in the family plot in Ross Bay Cemetery.

Ward Five Liberals will hold a meeting to-night in the Liberal rooms, Government Street, commencing at 8 o'clock.

A full meeting of the executive committee of the local branch of the prohibition League will be held to-night at 8 o'clock in the parlors of the Metropolitan Church. Matters of importance in connection with the work of the League are to be considered.

Dr. E. F. Webber of Portland, Ore., will be the speaker at the regular Friday meeting of the Christian and Missionary Alliance on Yates Street, 8 p.m. Dr. Webber is an evangelist of the C. & M. Alliance, and expects to hold a series of evangelistic meetings commencing Sunday morning at 10 o'clock, in connection with the local branch under the superintendency of Rev. Daniel Walker, pastor.

Judgment for the sum of \$35 in favor of the plaintiffs was handed down by Judge Lammman in the action of Dodson and others versus Welch yesterday afternoon. Frank Dodson and Thomas L. Boyden, sued Philip H. Welch for services in connection with an application for patent rights. The trial took place on February 15 J. B. Cleghorne acting for the plaintiffs and F. G. Powkes for the defendant.

The local Anti-violence Society is in receipt of a letter just received from Miss Maude Boyden, regretting her inability to speak for the cause in Victoria. The famous woman preacher presided at a debate on violence in London just prior to her leaving England for her American tour. Miss Boyden, in explanation to the invitation of the Anti-violence Society in Victoria, states that her tour is now at an end and that she is resting prior to extensive engagements in New Zealand and Australia.

All former members of the 67th Battalion Western Scots are reminded that the annual reunion will be held at the Elgyn Hotel, Pender Street West, Vancouver B.C., on Saturday, March 24, commencing at 8 p.m. A party list is steadily mounting up, and this gathering permits us to meet old comrades whom otherwise we might never see again. We expect a strong contingent from Victoria and district when we as comrades once more get together," says Hugh Thornley.

## Runaway Car Crashes Into Store Window

When the driver of a Pierce, Erickson and Hill truck crashed his machine on View Street outside the Union Bank Building a few minutes after 1 o'clock to-day, he forgot to leave it out of gear. He was unable to stop the car when it darted forward, crashed into a parked automobile ahead of it and reversed across the road. A second later it had jumped the curb and crashed into one of the plate glass windows of Mitchell and Duncan's jewelry store in the Arcade Building.

The car, which parked in front of the truck and which was lifted on to the sidewalk by the impact from the rear, belonged to J. C. Wilson. It was not badly damaged. William Erickson, a partner of the firm which owned the runaway car, is driving.

Nothing in the jewelry store was damaged, save the window itself and a portion of the outer wall. The glass was covered by insurance.

## POLICE SEEK CAR THIEVES

Three Automobiles Recovered in Two Days; One Still Missing

Police are on the trail of automobile thieves in Victoria and will wage a bitter campaign against the lawlessness which appears to have broken out here in the last few days in this regard. Since Monday four cars have been reported stolen. Of this number three have been recovered, in one instance an arrest and conviction followed the tracing of the missing machine.

But that was not sufficient warning. Two more cars disappeared on Tuesday night. One, owned by R. Moir, of 824 Queen's Avenue, was taken from Government Street opposite the New England Hotel, but was found next morning.

The second car to be stolen on Tuesday night belonged to A. O. Green, of the Canadian Puget Sound Lumber Company. It has not yet been traced.

## WORSTED MILL COMPANY IS INCORPORATED

In preparation for the establishment of a worsted industry in Victoria in co-operation with the cable authorities, the British Columbia Worsteds Ltd., was incorporated at the Pacific Terminal Buildings this week with a capitalization of \$150,000.

The full list of companies for the two weeks follow:

Gordon Campbell Limited, \$250,000, Vancouver, private.

Robt. Macmillan & Company Limited, \$10,000, Victoria, private.

Alkanit Hall Company Limited, \$1,500, Fairbairn, private.

The South Hill Trading Company Limited, \$10,000, South Vancouver, private.

Labellie Timber Company Limited, \$50,000, Vancouver, private.

Kapel's All Canadian Shows Limited, \$10,000, Vancouver, private.

Mayflower Mining Company Limited (non personal liability), \$1,000,000, Stewart, public.

Hill Badminton Club Limited, \$10,000, Vancouver, private.

Chichagoff Mines Limited (non personal liability), \$2,000,000, Vancouver, public.

Becky Shares Investment Limited, \$100,000, Vancouver, private.

The Western City Company Limited, \$100,000, Vancouver, private.

Premier Securities Limited, \$25,000, Vancouver, private.

Cecil Hotel Limited, \$10,000, Vancouver, private.

Adams Hardware Company Limited, \$10,000, Vancouver, private.

Business Service Bureau Limited, \$10,000, Vancouver, private.

Standard Distributors Limited, \$25,000, Vancouver, private.

Tesada Gulf Mining Company Limited (non personal liability), \$1,500,000, Vancouver, public.

Ward-Leverington Construction Company Limited, \$50,000, New Westminster, private.

Canada Copper Limited (non personal liability), \$5,000,000, Vancouver, public.

Extra provincial companies registered: Home Oil Distributors Limited, \$1,150,000, Calgary and Vancouver.

Evans, Coleman & Gillery Brothers Limited, 15,000 shares of no par value, Vancouver and Detroit Western Mining Company, \$5,000,000, Detroit, Michigan and Vancouver.

SERVICES FRIDAY

OVER DAUGHTER OF PIONEER JUDGE

Funeral services will be held at the B.C. Funeral Chapel on Friday over the remains of Miss Sybil Gray, daughter of the late Mr. Justice Hamilton Gray of the Supreme Court of British Columbia, one of the Fathers of Confederation. Miss Gray arrived in Victoria with other members of her family in 1873, and had lived here for many years in comparative retirement.

Rev. A. de B. Owen will officiate at Friday's service at 2.30, after which interment will be made in Ross Bay Cemetery.

There passed away at an early hour this morning at the Royal Jubilee Hospital, Robert Baird. The late Mr. Baird was born in London, England, seventy-two years ago, and came to this city three weeks ago. He is survived by his widow, Mrs. Margaret Baird, and four sons, Robert V. Layman, D. James L. Baird, of St. Thomas, North Dakota, and William E. Baird, of Langdon, North Dakota, also two daughters, Mrs. Ellen Keith of St. Thomas, North Dakota, and Mrs. Kathryn McIntosh, Seattle. The remains will be forwarded by the B. J. Curry and Son Funeral Home, Friday, March 23, to St. Thomas, North Dakota.

## CALL TENDERS FOR WHARF AT PORT ALBERNI

Main Assembly Wharf on the West Coast Will Be Four Hundred Feet Long

Early construction of the new assembly wharf at Port Alberni by the Dominion Government is indicated by the calling for tenders for the erection of the structure.

J. F. Forde, district engineer of the Federal Public Department of Public Works, received word to-day that bids for the construction of the Port Alberni assembly wharf will close with the department at Ottawa at noon on April 18 next.

Plans call for the erection of an assembly wharf 400x100 feet, an additional wharf 50x101 feet, freight warehouse 40x100 feet, railway trestle 18x750 feet, roadway approach, 30x405 feet, and the laying of 700 feet of seventy-five-pound steel rails.

Provision is also made for the establishment of a water supply. According to the terms of the contract the work must be completed within four months from the notification of acceptance of tender. Approximately 700,000 board feet of lumber will be required in construction. Storage space will be provided on the wharf for 4,000,000 feet of lumber and an electrically-operated traveling crane will be installed to facilitate the transfer of lumber to ships.

The crane will also be used for the unloading of fish and fish products from barges and fishing vessels.

## BUSINESS GOOD SAYS STOCKDILL

Assistant to C.P.R. Vice-President Says 75,000,000 Bushels of Grain Shipped

Charles E. Stockdill, assistant to D. C. Coleman, vice-president of the C.P.R., with jurisdiction over western lines, is here on one of his periodical visits from Winnipeg. "Everything looks good all along the line," said Mr. Stockdill this morning, after registering at the Empress Hotel. PloUGHING is under way on the prairies preliminary to Spring seeding and nice weather is being experienced in the interior provinces. Mr. Stockdill added: "For several days now ploughing has been going on at Maple Creek, about 240 miles east of Calgary and everywhere the farmers are to be seen overhauling their equipment in readiness for the seeding season."

The C.P.R. will be busy until well into the summer in handling last season's heavy wheat crop, which totaled 4,250,000,000 bushels west of the Great Lakes, said Mr. Stockdill, who added that 70,000,000 bushels would be shipped through Vancouver. Shipments via the Pacific Coast, he said, would begin to ease off next month.

## OBITUARY

The remains of Robert Noel Barker were laid to rest yesterday afternoon in Ross Bay Cemetery, the funeral taking place from Hayward's B.C. Funeral Chapel, Dean Quinlan officiating. The hymns sung were "Safe in the Arms of Jesus" and "The Lord's Prayer." Many friends were present, and numerous beautiful floral designs covered the casket and hearse. The following acted as pallbearers: Walter S. Miles, Ernest A. Robbins, David A. Nairne, A. R. Merris, R. J. Smith and F. A. Pittsimmons.

The funeral of Joseph Charles Douglas Meaton, who was accidentally killed Monday last, will take place on Saturday afternoon at 2 o'clock, from the Sands Funeral Chapel.

The funeral of Bertie Bridgewood, who died at the Royal Jubilee Hospital on Sunday last, was held yesterday afternoon for the Sands Funeral Chapel. Relatives and many friends attended the service, which was conducted by Rev. William Elliott. There were many beautiful floral tributes. The hymns sung were: "When Peace, Like a River" and "Abide With Me." The pallbearers were: J. Bailey, K. Cronk, J. Viggers, J. Newman, H. Gent and C. Jordan. Interment was made in the Royal Oak Burial Park.

The funeral of the late Edgar Adams was held Wednesday afternoon from the S. J. Curry and Son Funeral Home, proceeding to the Metropolitan United Church, where service was conducted by Rev. Dr. W. J. Sippell. The hymns sung were "The Sands of Time are Sinking" and "Hark, Hark, My Soul." There were many sympathetic friends present, and beautiful floral tributes covered the casket. The following acted as pallbearers: A. R. C. Herben, A. Keen, O. S. Eden, F. Burridge, T. Hammond and F. L. Tupman. Interment was made in the family plot in the Royal Oak Burial Park.

Mrs. Elizabeth Ann Bond, widow of the late William Bond, and a resident of Victoria for the last twenty years, passed away yesterday at St. Joseph's Hospital, aged sixty-nine years. The funeral will be held from the B. J. Curry and Son Funeral Home, Friday, March 23, at 2 o'clock. Interment will be made in Ross Bay Cemetery.

The funeral of the late Mrs. Jessie Murray who passed away in this city on Wednesday, will take place from McCall Bros' Funeral Home on Saturday afternoon at 2 o'clock. Rev. J. Smith Patterson will conduct the service after which interment will be made in Royal Oak Burial Park.

There passed away at an early hour this morning at the Royal Jubilee Hospital, Robert Baird. The late Mr. Baird was born in London, England, seventy-two years ago, and came to this city three weeks ago. He is survived by his widow, Mrs. Margaret Baird, and four sons, Robert V. Layman, D. James L. Baird, of St. Thomas, North Dakota, and William E. Baird, of Langdon, North Dakota, also two daughters, Mrs. Ellen Keith of St. Thomas, North Dakota, and Mrs. Kathryn McIntosh, Seattle. The remains will be forwarded by the B. J. Curry and Son Funeral Home, Friday, March 23, to St. Thomas, North Dakota.

# CONTRACT LET FOR C.P.R. DOCK EXTENSION

## VICTORIA PILE DRIVING CO. TO DO HARBOR WORK

Extension of Menzies Street Approach, on Former J.B. A.A. Site, Will Proceed Immediately; Addition to No. 2 Dock Also Planned

Contract for the extension of the present Canadian Pacific Railway docks in the Inner Harbor has been awarded to the Victoria Pile Driving Company, it was announced today by D. V. McGary, manager of the company.

The work will be commenced next Monday, Mr. McGary stated, and will be completed within about thirty days.

Through the extension of the present wharf the company will be able to construct a better and more attractive approach to its docks in the harbor. The old James Bay Athletic Association clubhouse has recently been removed to make room for the new wharf, which will be in use this summer by the steady stream of tourist traffic which flows into this port by Canadian Pacific steamers.

About 24,000 square feet of docking will be put in, Mr. McGary explained. The present wharf will be extended about 100 feet eastward on the seaward end and about fifty feet on the landward end, bringing the dock in a direct line with Menzies Street. The dock is about 250 feet in length.

An addition will also be made to Pier No. 2, Mr. McGary explained. This will increase facilities on this dock, bringing it into line with Oswego Street.

Australian hardwood piles, recently shipped from the Antipodes to this port, will be used in the construction of the wharf. These piles, being of a special wood, will last much longer than ordinary piling, it is stated.

The cost of the work will be approximately \$200,000.

The Victoria Pile Driving Company this week completed work on the foundations of the grain elevator at Ogden Point. About 2,600 piles were driven for this structure.

## Many Europeans Reach Winnipeg During the Week

Winnipeg, March 22.—No less than 1,500 immigrants in the space of four days have kept and are keeping the colonization staff on the Canadian National Railway in a swirl of business. When today's arrivals are all sorted out, the total since the beginning of the week will have reached higher than the 1,500 mark.

Five steamers are involved in the movement and four special trains. All Norwegians except six Finns had scarcely arrived before another group almost as large, passengers of the Aurania and half of them British, came into the city. In the early hours of yesterday morning a special pulled in bearing 450 from the Antipodes. These were of thirteen nationalities. Close on their heels was another special with 300 mostly Scandinavians, who crossed the Atlantic on the Frederick VII. Two special trains consolidated into one at Armstrong pulled into the Canadian National station today. The 500 passengers are from the Celtic and are of all nationalities.

## A HINT TO HOME OWNERS

Thousands of astute home owners make a practice of changing the interior decorating schemes of their homes every one or two years. They have found that by using New Process Alabastine the transformations can be achieved at little cost—and with wonderful results.

Such renovations can be likened to a change of dress, or climate. They make life more livable, your home more attractive. And they can be carried out so economically and satisfactorily with New Process Alabastine.

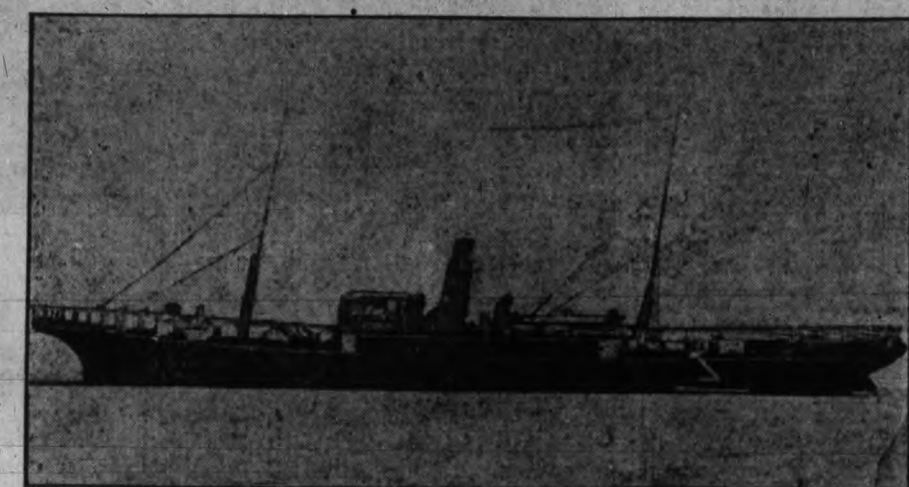

Write us for free booklet of interior decorating suggestions, or see your dealer.

## RETURNS TO PORT AFTER LONG CABLE JOB

C.S. RESTORER

operated by the Commercial Cable Company, which returned to this port today from Midway Islands, where her crew has been engaged in repairing the transatlantic cable. The Restorer has been away from port over six weeks, having to travel nearly 3,000 miles to get to the scene of the trouble.

## New Offices of C.P.R. LNER Here Sunday

### Lloyd's Will Be Opened By King

His Majesty to Revive Old Ceremony at Function on Saturday

London, March 22.—His Majesty the King will revive an ancient ceremony when on Saturday, accompanied by the Queen, he will proceed to the city to open the palatial new headquarters of Lloyd's, the famous marine underwriting corporation. On the site of Temple Bar, in the Strand, the Lord Mayor of London, Alderman Sir Charles Balfour, will present His Majesty with the pearl sword of the city. The King, leaning from his carriage, will smilingly touch the blade of the sword, thereby signifying he is pleased to return it to the Lord Mayor.

This ceremony has been observed, with lapses, for many centuries, when the sovereign has visited the city in state. Its origin is a little obscure, but it seems to have risen in the days long ago when the approach of the King to the walls of Old London was not always as welcome to the inhabitants as it is nowadays. Maybe in those days the chief citizen was supported at Temple Bar, the principal entrance to the city from the west, by a goodly number of his fellows, who were anxious to be assured that the coming of the sovereign boded no ill to their rights. The pearl sword itself, studded with jewels, is said to have been given to the city by Queen Elizabeth.

## SPOKEN BY WIRELESS

March 21, 8 p.m.—Shipping: KING BLEDDYN, Balboa for Vancouver, 850 miles from Vancouver. CANADIAN WINNER, Victoria for Kingston, 40 miles from Victoria. WHITNEY OLSON, San Pedro for Bellingham, 130 miles from Bellingham.

LURLINE, Honolulu for San Francisco, 297 miles from San Francisco. MARAWELL, Knapton for Kahului, 1,040 miles from Kahului. RYOKA MARU, Portland for Yokohama, 1,255 miles from North Head. ASTORIA, San Pedro for Yokohama, 2,245 miles from San Pedro at noon. ALABAMA MARU, Yokohama for Victoria, 50,223 miles, 162.00 west. ESTHER DOLLAR, Muroran for Englewood, 1,378 miles from Englewood.

EMPEROR OF RUSSIA, Yokohama for Victoria, 1,150 miles from Victoria. March 22, noon—Weather: Prince Rupert—Overcast; southwest, light; 29.38; 43; sea smooth. Estevan—Cloudy; southeast, fresh; 29.77; 48; moderate swell; 9 a.m. Princecess Maquinna, at Bonilla, northbound. Pabens—Rain; squalls; southwest, fresh; 29.80; 48; heavy swell.

Manager: "I'm sorry you don't like my buns. This business has been built up almost entirely on my baking." Customer: "I don't doubt it, madam. With a few more like those you could build an apartment house."

South-bound daily, except Sunday. Air mail closing this afternoon at 4 p.m. San Francisco, Cal., arrives tomorrow, 1:15 p.m. Fresno, Cal., arrives to-morrow, 3:15 p.m. Los Angeles, Cal., arrives to-morrow, 6:15 p.m. San Diego, Cal., arrives day after to-morrow, 5:30 a.m.

\*For delivery on day of arrival a special delivery station, will be necessary on letters addressed to these points.

## Thieves Take Weighty Loot In Vancouver

Vancouver, March 22.—Thieves who visited a boat at the wharf of the Pacific Coast Navigation Company at the foot of Jervis Street here lifted weighty loot when they appropriated at 150-pound anchor, a tour of the world. Miss Gersale sailed eastward from New York last November and the four months since that time have been full of excitement and interest, she said.

Cargo discharges here from the Shidzuoka totaled about fifty tons including forty-five cases of silk goods and twenty-three bales of raw silk. General cargo consisted of fifty-seven bales of grass rugs, drygoods, twenty-one cases of porcelain, lanterns, cheap toys, cotton goods, 200 bags of brown rice and other merchandise.

BIG SILK CARGO Included in the cargo for Seattle was a shipment of approximately \$3,500,000 worth of silk for transportation to eastern mills by special train. She had also 2,000 tons of other cargo for Seattle discharge.

Forty-five bags of mail were set down here, six bags being taken to Seattle by the seaplane.

## COASTWISE MOVEMENTS

For Vancouver C.P.R. steamer daily at 2:15 p.m. C.P.R. steamer leaves daily at 11:45 a.m. C.P.R. steamer arrives daily at 7 a.m. C.P.R. steamer daily at 3 p.m. For Seattle C.P.R. steamer leaves daily at 4:30 a.m. C.P.R. steamer arrives daily at 1:15 p.m. C.P.R. steamer daily at 3 p.m. C.P.R. steamer leaves daily at 4:30 a.m. C.P.R. steamer arrives daily at 1:15 p.m. C.P.R. steamer daily at 3 p.m.

## WORLD TOURISTS ARRIVE AT HILO

Hilo, Hawaii, March 22.—Passengers on the round-the-world cruise of the Canadian Pacific steamship Empress of Australia had a thrill on arriving here Tuesday when they witnessed an avalanche in Halemaumau on the slopes of the famous volcano of Kilauea. This volcano has been quiet since the eruptions of last January and July, but it is feared that this avalanche may renew its activity. In the intervals between eruptions the lava floor of the crater carries in places a luxuriant vegetation, though the general impression is one of vast and desolate waste. The pit of the crater is three miles across.

## Pacific Trader Sails For U.K.

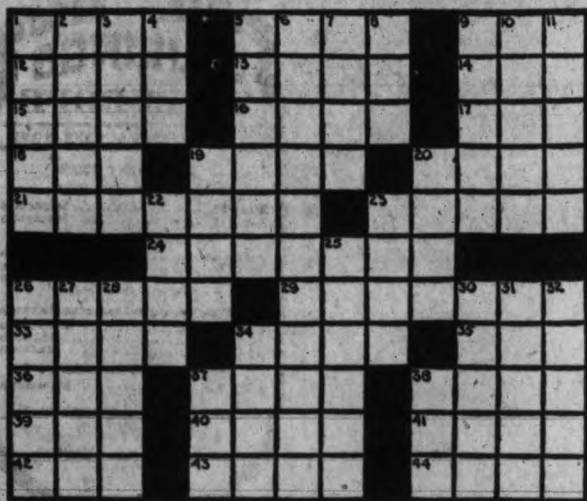

Vancouver, March 22.—With four passengers and nearly 4,500 tons of cargo the Empress of Australia sailed for the United Kingdom, after a stay of four days in this port. Among those on board was Lieut. Col. F. Raynor, D.B.C. who is taking the round trip from London. The others are Miss C. S. Drummond, V. C. and Curtis and Charles Loder, and additional witnesses will be picked up at Seattle and San Francisco. The cargo includes 3,000 tons of wheat, 180,000 feet of lumber, spelter and general cargo.

## TRANS-PACIFIC MAILS

## BEDTIME STORY

## Uncle Wiggily and the White Bear

Copyright, 1928, by McClure Newspaper Syndicate

By HOWARD E. GARIS

Crouching down amid the green leaves and clusters of purple grapes in the Italian vineyard, Uncle Wiggily, Baby Bunty and Valie waited and listened to see what was going to happen next. They had run away from the Wolf, as I told you in the story before this, leaving the Bad Chap with his paw caught in the leather loops of the accordion.

"We are having lots of adventures, aren't we, Uncle Wig?" whispered Bunty to him as she nestled close beside him.

"Indeed we are," answered Mr. Longears. "We get blown to Holland on a runaway kite and after we see the windmills and Dutch cheeses the cow kindly tosses us through the air back home."

"But we aren't home yet," said Valie, which was true enough. For the Dutch cow didn't toss the three rabbits far enough and they dropped into Italy instead of landing in Woodland, near the Orange Ice Mountains, where Uncle

"The burrow needs to be made a little larger."

Wiggily had his hollow stump bungled. Then had come the fall into the field of drying macaroni, the finding of the accordion and the arrival of the Wolf.

All of a sudden, as the bunnies hid behind the vines and when Valie and Bunty were eating some of the sweet, purple grapes, there was a rustling of the leaves.

"Here comes the Wolf!" whispered Bunty. Uncle Wiggily was wondering what trick he could next play on the Bad Chap when a pleasant voice called: "Ah, there you are! Now come with me!"

It was the kind Italian rabbit, with the green rooster feathers in his hat. He had gone to look for a burrow for Uncle Wiggily.

"I'm so glad you aren't the Wolf!" said Mr. Longears.

"So am I," answered the Italian rabbit with a smile. "But what do you

mean? Is it a crossword puzzle?"

"The Wolf was cross enough without any puzzle," said Baby Bunty.

Then they told the kind rabbit what had happened, and he said it served the Wolf right to have his paw caught in the accordion straps.

"But I've found a fine burrow, near mine, where you may live while you are visiting Italy," went on the kind rabbit. "So come with me before anything more happens."

The four of them hopped through many rows of grape vines on the slope of a sunny hill. Never had Uncle Wiggily seen so much sun and so many grapes in his life. The vines grew all over the hills.

"What do the Italians do with so many grapes?" asked Mr. Longears.

"They press out the purple juice and drink it with their macaroni and cheese," answered the Italian rabbit. "And very good it seems to be for them, too. The Italians are always, it seems, singing, playing music or drinking grape juice and eating macaroni and cheese."

"I am glad they are happy," said Uncle Wiggily. "You must look around you," he said to Valie and Bunty, "and remember as much as you can, to tell the other little bunnies, when we get back home, what you saw in Holland and Italy."

"We shall," promised Baby Bunty and Valie, as they hopped along eating grapes. No one seemed to mind. The men and women who owned the vines were not there. They were waiting for the sun to make the grapes ripe before the picking would begin.

Following the Italian rabbit, Uncle Wiggily and the two little bunnies came to a hill, near a wood. In the hill the Italian rabbit had his home, or underground burrow, and near him was another hole in which, he said, Uncle Wiggily could stay with Valie and Bunty.

"But the burrow needs to be made a little larger," said Uncle Wiggily, as he hopped in. "I will soon dig it out," he added, and he began to make the dirt fly with his paws.

But all of a sudden Bunty, who had hopped toward the back end of the burrow, came rushing back crying.

"Oh, look what's in there! A big white bear! Oh, we'd better get out of this burrow. A white bear is worse than a Wolf!"

"Not if it is my friend, Mr. White-wash, the Polar Bear," said Uncle Wiggily. "I'll go take a look." He hopped toward the back of the burrow and what he found I'll tell you about tomorrow night. Then, if the toasted cheese doesn't go swimming in the can of tomato juice I'll write for you next a story about Uncle Wiggily and the water streets.

## To-morrow's Horoscope

FRIDAY, MARCH 23, 1928

This is read as an unimportant day in planetary direction, but astrologers

announce that benefic aspects domi-

It is a day when it is lucky to deal in lands or to buy farms. There will be a new anxiety to possess at least a little area of the earth's surface, the seers prophesy.

Home-owning and gardening are two desires stimulated by this planetary government.

Writers need not be dismayed if they find imagination torpid under this rule which is most inimical to creative thought.

Financial affairs, even when good, may appear most discouraging while this configuration prevails. This is not a lucky day for courtship or marriage. Many misunderstandings

may arise from views taken under this sway.

Theatres again come under an unfortunate rule which presages many disappointments to producers.

Motion pictures also are subject to adverse direction of theatres making for many readjustments in business as well as artistic matters.

Some sort of a novel project will

engage the ambitions and interest of the younger generation, it is foretold.

Progress in schools and colleges this year should be great, for a few tremendous intellects are said by occultists to be developing for future achievements.

The southern forces in China are to overthrow the northern, according to reading of the stars.

Persons whose birthdate is

suffer annoyance from many sorrows in the coming year, but they may succeed if they keep their own counsel.

Children born on this day will be cheerful and happy and will find success in life.

# Treble and Bass all There!

Fifes, clarinets and flutes, as well as traps, tympani, bass viols and gruff-throated tubas - all clearly heard.

Liquid trebles, deep, low fundamentals, these tones give Orthophonic Victrola music its beauty and color. So that today a public concert by famous artists and an Orthophonic Victrola performance by the same great artists, are two things alike as twins, and you need not stir from the cosy comfort of the fireside to hear the Orthophonic Victrola. It's really marvellous when you come to think of it. We moderns owe a tribute to the scientists who have contributed the rich

gift of "matched impedance" or "smooth flow of sound" to the Victrola. To Victor, was extended the privilege of developing this principle for your greater enjoyment. As a result you may have beautiful, realistic music at home, and you may have it contained in graceful cabinets wrought in fine woods. Artistically designed models, all equipped with a device which stops each record after playing. Electrical drive, if you wish, at slight additional cost, eliminates winding. Prices from \$14.00 down to as low as \$13.00 on convenient payments from all His Master's Voice dealers.

Orthophonic—only if it bears the dog Trademark

The new **Orthophonic Victrola**

Victor Talking Machine Company of Canada, Limited, Montreal

## Press Club's Ball Will Be Modeled on Nature's Beauty

Typical Scene of Gorgeous Blooms in Vancouver Island Orchards, which is a model for the Press Club's Decorative Scheme.

Victoria's great battle of blossoms, as picturesque as Japan's world-famous blossom festival, like the rose carnivals of the Riviera, and as overwhelming as a dream of Venice through a veil of flower petals, this is the background of the Victoria Press Club Ball, to be held in the Empress Hotel, April 13.

"A Battle of Blossoms" is the setting of the indoor Springtime festival. Mountains of blooms of all descriptions, color, from the delicate pink of the wild rose, to the rich, loveliness of the peony; bursting branches of lavender lilac; the timid white of lilies, with an all-pervading fragrance from a million breaths of flowers. Through it all soft, seductive music from the dimly-lighted orchestra platform, and the swaying, rhythmic figures moving over polished floors under a glow of light like that from stars upon a lake. That will be the Press Club Ball, or a small part of it.

And then the battle! A rain of flowers! A deluge of delight! Blooms to make bouquets for princesses. For every lady is a princess in this enchanted land of flower scents and music, and every man a gallant. It is a festival in a kingdom of blossoms—the blossoms of Spring and of Victoria.

## MYSTERY LURKS IN HAUNTED OLD ENGLISH HOUSE

A sheet iron vault—to protect a spider's web, was one of the strange devices employed in Lon Chaney's latest Metro-Goldwyn-Mayer vehicle, "London After Midnight," the fantastic mystery drama of ghosts and the supernatural, now being seen at the Dominion Theatre.

The reason was rather odd. In the early part of the picture a spider's web, stretched across a door, is used to show that someone entered a room without breaking the web, in a ghostly manifestation. The web had to be used later in the picture, so to protect it from breakage the steel frame was placed about it.

Strange illusions and ghostly manifestations, adapted from the tricks of spirit mediums and magicians on the stage, together with the methods of such famous stage hypnotists as Tynan, McKen or Pauline, were introduced in the fantastic mystery play.

The cast includes Marceline Day, Conrad Nagel, Henry B. Walthall, Polly Moran, Claude King, Percy Williams, Edna Tichenor and other noted screen players.

A complete reproduction of a famous old English manor house, popularly reputed to be haunted, and other strange settings, seen in the remarkable plot, staged on a lavish scale.

## "BUNKY DOODLE" CO-OPTIMIST PLAY AT CRYSTAL GARDEN

On Friday next the Co-optimist Comedy Company at the Crystal Garden will present what is probably the funniest farce yet offered by this talented company. The story is a typical parody of present-day life and deals with an aristocratic family driven to the last ditch of financial difficulty. They decide to recuperate their fortunes by adopting a grocer's assistant who has unexpectedly become a millionaire. Richard Blomfield will be seen in the role of the money expropriator of comedies. Mrs. Legge Willis will play the part of Lady Triton, who tries it on with indifferent success. Mr. Legge Willis will fill the role of Lord Middleton, whose daughter, played by Miss Laura Lewis, is unwillingly engaged to the millionaire shopman. Other members of the cast comprise Miss Mary Campbell, Jack Henslowe, Capt. Allen and Stephen Langton.

The evening's entertainment will conclude with the usual two hours of dancing to the music of the Crystal Garden orchestra.

## CLUB RECITAL ARTISTS PLEASE

Miss Vivian Moggey and Bayard Haddock Heard Last Night

An audience which made up in enthusiasm what it lacked in numbers followed with interest the programme presented by the Ladies' Musical Club for their March recital last evening at the Empress Hotel, when Miss Vivian Moggey, pianist, of Victoria, and Bayard Haddock, basso, of Vancouver, were the soloists.

Miss Moggey has come to the forefront in the ranks of local artists in the last few years, her serious and thoughtful study of the art of pianoforte commanding the admiration of discriminating music lovers. Her playing last evening was thoughtful throughout, full of poetry and of clean technique.

Her first group included the Schubert Impromptu, op. 142, No. 2, and the delightfully descriptive "Papillons" (Schumann), and in these as in her Chopin group later in the programme, her performance was of a very high standard of musicianship. In the final group she played two charming numbers by Stojowski, "By the Brookside" and "Amourette de Pierrot," Debussy's "La Fille aux Cheveux," and Ibert's quaint "The Little White Donkey." Many charming floral tributes greeted the young artist.

Bayard Haddock was last night heard for the first time in Victoria, and his singing made a good impression, his numbers being enthusiastically encored. Opening with the aria of Sarastro's High Priest from Mozart's "Magic Flute," his first group included, in addition a recitative and aria from "Mammet" (Ambrose Thomas), both sung with much feeling; Healy's charming little number, "The Little Ship of Arcady," and the old but ever popular Irish air, "Off to Philadelphia," which was greeted with such enthusiasm, that the singer was obliged to respond with an encore.

For his second group Mr. Haddock chose Gounod's beautiful aria, "She Alone Charmeth My Senses" (Trene), Carissimi's "Vittoria, Vittoria," "To Althea" (Perry), and Shaw's "The Knight's Song." His voice is of pleasing quality, the lower register being particularly good, and he sings with understanding and a nice interpretative sense. Mrs. Clifford Wain lent her usual admirable and adequate support at the piano.

## AT THE THEATRES

### HOOT GIBSON IN STARRING PICTURE ON COLUMBIA SCREEN

Movie goers who are "thrill hunters" will get a "190 proof" kick out of Hoot Gibson's most recent starring vehicle, "The Rawhide Kid," a Universal Western production now showing at the Columbia. It has everything to hold the attention, thrills, pathos, comedy, human interest and a pleasing love story. The director, Del Andrews, has injected the essence of realism into the many colorful episodes embodied in the scenario of Peter E. Kyle's story. "The Lion and the Lamb," adapted for the screen by Indore Bernstein. The cast embraces Georgia Hale, Frank Hagney, William H. Strauss, Tom Lingham and Harry Todd.

### COLLEEN MOORE IN "ORCHIDS AND ERMINE" AT VARIETY THEATRE

Colleen Moore traveled 6,000 miles to capture "a little bit of Broadway" for the newest First National starring picture, "Orchids and Ermine," now at the Variety Theatre.

Miss Moore and her entire production unit pulled stakes and forsook Hollywood while they went to New York to obtain scenes on Broadway, Fifth Avenue and Riverside Drive.

Jack McEwan plays the leading role opposite the star in "Orchids and Ermine," the story of the adventures of a little telephone switchboard operator in a big New York hotel. John McCormack produced the picture and Alfred Santell directed it.

### FIVE GOOD ACTS OF VAUDEVILLE ON BILL AT COLISEUM

A splendid vaudeville programme is offered at the Coliseum Theatre this week. There are five acts on the bill. First comes Snady MacNab, Scotland's violin mimic, in a novelty act that is sure to please. Second on the bill is the Barry Sisters, in good old-fashioned dances, and third is Buster Brown, the laughing songster. Feature his own number, "The Man With the Jolly Good Laugh." Lella Doherty, the clever dancer, presents two very good dance specialties, and closing the programme is Jack Carr, in "A Study in Black." The vaudeville is in addition to excellent screen attractions.

### DOUBLE BILL AT PLAYHOUSE DRAWS WIDE ATTENTION

Russell Simpson, famous screen character actor, appears in support of Colleen Moore at the Playhouse Theatre, where the First National star has her most delightful role in "Painted People." Russell Simpson is noted in the film colony for his picturesque addition to whatever he is in. "Painted People" he confronts the public with barren chin. Simpson is one of the ten famous players of the cast, the others being Ben Lyon, Anna Q. Nilsson, Charlie Murray, Mary Alden, Mary Carr, Sam De Grasse, June Elvidge, Charlotte Merriman, Joseph Striker and "Bull" Montana. On the same bill Dolores Costello in "The College Widow," is a star. Full houses greet the double bill each night.

### CHILD PRODIGY ACTS AGAIN AS LEADING WOMAN

"These who love romance and who attend the movies for a taste of it, will do well to see sixteen-year-old Sally Blane, the "Colletts" of "Wife Savers," the Wallace Beery-Raymond Hatton comedy at the Capitol," says Manager Clifford Denham.

At the age of six Sally was a child prodigy appearing in films for Universal. At ten she outgrew child roles and was not heard from for six years. Then, one evening, she won a dancing contest at the Ambassador Hotel in Los Angeles, and her grace and beauty attracted the attention of executives from Paramount studios. They gave her a screen test and there followed a part in the dancing sextette in "Casey at the Bat."

That won her a contract, and after some camera experience in various pictures she was cast as leading woman

Capitol—"Wife Savers."  
Dominion—"London After Midnight."  
Playhouse—"The College Widow."  
Coliseum—Vaudeville.  
Crystal Garden—Swimming and Dancing.

for Jack Luden, Western star, in "Shootin' Irons."

Then followed the romantic lead in "Wife Savers" opposite Beery and Hatton.

She is in a cast that includes Ford Sterling, Tom Kennedy, Zasu Pitta, August Tollaie and George Y. Harvey.

On the stage this week are the Wun Sisters, two dainty Oriental misses, in a gorgeous dance presentation; Miss Moore and Miss McEwan in a piano and vocal offering; Harold Bechtel, the singing master of ceremonies, and Bob Kaye, noted Scottish comedian, in a new skit. The stage attractions appear twice daily.

Outstanding on this week's stage attractions at the Capitol Theatre are the Wun Sisters, Chinese dancers de luxe, in a dance creation. Other features include Miss Moore and Miss McEwan in a special piano and vocal novelty; Bob Kaye, hailed as Scotland's second Harry Lauder, and Harold Bechtel, the singing master of ceremonies.

### CROOK STORY IS PART OF FINE COLISEUM BILL

George Bancroft, who sang and danced his way around the world three times, recently experienced a difficult time shooting his way through one small city.

He would much rather have sung and danced his way through than blaze a path with a six-shooter, but the pistol work was demanded by his role in "Underworld," Paramount's pictureization of Ben Hecht's crime story, now showing at the Coliseum.

Before he became a leading man on the stage or had thought at all about the screen, Bancroft was a song and dance man in musical comedy.

He has won an even more brilliant reputation as a screen actor and has perhaps his biggest role to date in the programme is Jack Carr, in "A Study in Black." Co-starred are Evelyn Brent, Clive Brook, Larry Semon and Fred Kohler.

The idea that others should be tempted to buy "bar-gain" glasses quickly is repugnant to thinking people. The testing of eyes is a serious responsibility and correct glasses the result of a patient professional examination.

The morning is the best time for an examination.
